Think and Believe Frederick W. Marks, 2012 A coherent forceful and compelling case for God and the Church founded by Jesus of Nazareth This is a remarkable achievement of solid factual information that is loaded with ammunition for the new evangelization Contains colorful vignettes of historic moments alternating with sustained argument Marks challenges the reader to set aside long held assumptions and prejudices Jesus is the only one who proclaimed himself sinless and the only one who ever claimed to be God His followers converted an entire empire without resort to violence and after winning Rome they not only gave the world its calendar but transformed pagan culture beyond recognition These hard cold facts are presented here with copious notes for easy identification of persons events or doctrines that may be unfamiliar The reader will also find a detailed index and useful appendices

Sacred Marriages David Mullins, 2018-06-14 This book represents a new direction in the study of religion and marriage by using a postmodern theoretical framework focusing on gendered discourse and culture to examine the meaning of sacred marriage within social contexts Drawing upon data from in depth interviews of couples in long term sacred marriages living in the American Midwest together with an analysis of Christian marriage advice manuals Sacred Marriages explores how couples use religious and nonreligious discourses and cultures to give their marriages meaning and how those sacred meanings are used in their daily lives and the spaces that they embody The study shows how religious and secular beliefs are combined to formulate cultural strategies for approaching the sacralization of marriage and how religious and nonreligious discourses and cultures are ordered depending on circumstances and social contexts This often results in other relationships being

subordinated in favour of the sacred bond believed to exist between husband and wife The book argues that sacred marriage is a malleable concept as people bend religious culture to form new and altered sacred marriages during emotional extremes A thoughtful examination of long term Christian marriages this volume will appeal to scholars of religion and sociology with interests in marriage and the family *The Union of Love* Service de préparation au mariage de Montréal, 1967 *Faith Facts* Leon J.
