For Catholic High Schools and Academics

**BOOK III**

# Catholic Morality

**James F. Keenan**

## **Catholic Morality:**

**The Catholic Moral Tradition Today** Charles E. Curran, 1999-04-05 The Catholic tradition has always tried to explain its theology in a coherent and systematic way but the great changes and tensions existing within Catholic moral theology today have made it difficult to develop systematic approaches to what was once called fundamental moral theology Now a leading scholar active in this field for forty years offers a synthesis of Catholic moral theology set in the context of the broader Catholic tradition and the significant developments that have occurred since the Second Vatican Council Charles E Curran s succinct coherent account of his wide ranging work in Catholic moral theology points out agreements disagreements and changes in significant aspects of the Catholic moral tradition His systematic approach explores major topics in a logical development the ecclesiological foundation and stance of moral theology the person as moral subject and agent virtues principles and norms conscience and decision making and the role of the church as a teacher of morality Curran s work condenses and organizes a large amount of material to show that the Catholic theological tradition is in dialogue with contemporary life and thought while remaining conscious of its rich history Of great interest to theologians for its broad synthetic scope this book is also a thorough introduction to the Catholic moral tradition for students and interested readers including non Catholics

*Principles for a Catholic Morality* Timothy E. O'Connell, 1978 Completely revised and updated this classic introduction to moral theology in the Roman Catholic tradition speak clearly to anyone interested in understanding what it means to live the Christian life Beginning with a concise definition of the roles of revelation and interpretation in the formation of moral theology O Connell explores the concept of a moral person the shape and dynamics of a moral world and the implications not only for the individual Christian but for the community as a whole

*Principles for a Catholic Morality* Timothy E. O'Connell, 1990-04-27 Completely revised and updated this classic introduction to moral theology in the Roman Catholic tradition speak clearly to anyone interested in understanding what it means to live the Christian life Beginning with a concise definition of the roles of revelation and interpretation in the formation of moral theology O Connell explores the concept of a moral person the shape and dynamics of a moral world and the implications not only for the individual Christian but for the community as a whole

**Reason Informed by Faith** Richard M. Gula, 1989 Excellent textbook introduction to the basic issues of fundamental moral theology that considers all of today s moral issues

*Introduction to Moral Theology* Romanus Cessario, 2010-03-30 The comprehensive introduction to Catholic moral theology by the leading theologian and author of *The Moral Virtues and Theological Ethics* In *Introduction to Moral Theology* Father Romanus Cessario O P presents and expounds on the basic and central elements of Catholic moral theology written in the light of Veritatis splendor Since its publication in 2001 this first book in the Catholic Moral Thought series has been widely recognized as an authoritative resource on such topics as moral theology and the good of the human person created in God s image natural law principles of human action determination of the moral good through objects ends and circumstances

and the virtues gifts of the Holy Spirit and the Beatitudes The Catholic Moral Thought series is designed to provide students with a comprehensive presentation of both the principles of Christian conduct and the specific teachings and precepts for fulfilling the requirements of the Christian life Soundly based in the teaching of the Church the volumes set out the basic principles of Catholic moral thought and the application of those principles within areas of ethical concern that are of paramount importance today

Catholic Sexual Morality Robert L. Fastiggi, 2018-01-04 Many people today believe that the traditional Catholic view of sex is antiquated unrealistic and potentially harmful In Catholic Sexual Morality Dr Robert Fastiggi asks whether the permissive sexual attitude of today s culture is really contributing to deeper love better relationships and true happiness for men women children and families He begins with the example of St Augustine who recognized he was a slave to lust and in need of true freedom Fastiggi then examines the foundations for Catholic sexual morality in Scripture reason and human experience The hope is that people will realize that the Catholic Church is not against sex but sees sexual intimacy as something so beautiful and life giving that it requires the stability of marriage for its true and rightful expression Catholic Sexual Morality is grounded in the belief that the church s teachings on sex correspond to God s plan for human happiness These teachings are challenging and the church understands how easy it is to fail in sexual matters God s mercy however is more powerful than human weakness and sin This book explains the reasons why the Catholic Church teaches as she does on matters such as pornography masturbation fornication adultery contraception divorce and homosexual acts It presents these teachings in a realistic way with full recognition of the reasons why people reject them The ultimate desire is to help people understand that Catholic sexual morality is not a creation of church leaders but a response to what God has made known to us in Sacred Scripture and the natural law In a world filled with infidelity divorce wounded children and broken hearts the wisdom of traditional Catholic sexual morality deserves a more sympathetic view not just because it is Catholic but because it is true

The Church and Morality Charles E. Curran, 1993 How does and how should the church learn and teach its approach to morality today How much unity should be sought and what degree of diversity can be tolerated in a time when the moral authority of churches seems to be eroding

**Your Life in Christ** Michael Pennock, 2001 These books focus on the essential message of Christ s moral teaching the importance of love of God and love of neighbour and presents it in a way that is clear and applicable to the lives of today s teenagers In its ten chapters Your Life in Christ includes several common features introductory material with biblical quotes topic outlines exercises several margin discussion questions moral cases hero profiles summary statements review questions vocabulary lists and prayer reflections

The Catholic Church, Morality, and Politics Charles E. Curran, Leslie Griffin, 2001 A collection of articles that looks at the interconnected relationships involving religion morality and public policy from a variety of opinions and voices

Misguided Morality Michael M. Winter, 2019-07-08 This title was first published in 2002 Misguided Morality presents a survey of how the Catholic moral programme has failed to make a decisive impact on the behaviour of the Church

s members Despite a cogent theology of human conduct Michael Winter argues that its effectiveness is not impressive This book analyses what has gone wrong in the transmission of the New Testament ideals The book covers the whole field of morality starting with the bible and tracing the historical and sociological factors which have effected the dilution of those ideals frequently to the level of anodyne respectability Having explored the causes of failure Winter offers positive suggestions for improvement in each area where shortcomings have been revealed Combining loyalty to the Roman Catholic Church with constructive criticism of shortcomings in implementing moral policies this book is essential reading to those studying and participating in Catholic moral teaching in the contemporary church The author is well known for his books on the challenges to the Church after Vatican II including his books *Mission or Maintenance* and *Whatever Happened to Vatican II*

*Catholic Moral Theology in the United States* Charles E. Curran, 2008-04-11 In this magisterial volume Charles E Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day He begins by tracing the development of pre Vatican II moral theology that with the exception of social ethics had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness Curran then explores and illuminates the post Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology the impact of *Humanae vitae* Pope Paul VI's encyclical condemning artificial contraception fundamental moral theology sexuality and marriage bioethics and social ethics Curran's perspective is unique For nearly 50 years he has been a major influence on the development of the field and has witnessed first hand the dramatic increase in the number and diversity of moral theologians in the academy and the Church No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States

*Method and Catholic Moral Theology* Todd A. Salzman, 1999 This work is an investigation of the ongoing methodical reconstruction of Catholic moral theology As such it is based on and honors the work of Norbert Rigali S J one of the most important contributors to this reconstruction The decisive break from the traditional manual approach to moral theology represented by Vatican II reoriented moral theology away from universal natural law morality based on the commandments to a morality based on specifically Christian sources This reorientation however was not an either/or but a both/and proposition Father Norbert Rigali S J has been an inspiration and a challenge to moral theologians working toward reconstruction The essays in this collection address four questions in the renewal movement an investigation of normative methods a clarification of sources an investigation of the tension between natural law morality and Christian ethics and/or morality and a combination of methodical insights of philosophy with traditional Christian sources in their investigation of biomedical ethical issues The contributors to the collection include Richard M Gula S S Joseph A Selling Bernard Hoose Mark O Keefe O S B James F Keenan S J Edward Collins Vacek S J Charles E Curran James J Walter Todd A Salzman Jean Porter Lisa Sowle Cahill and Richard A McCormick S J

**A**

**Vindication of Catholic Morality** Alessandro Manzoni, 1836      The Origins of Moral Theology in the United States Charles

E. Curran,1997-02-01 Charles E Curran presents the first in depth analysis of the origins of Catholic moral theology in the United States focusing on three significant figures in the late nineteenth century and demonstrating that methodological pluralism and theological diversity existed in the Church even then Curran begins by tracing the historical development of moral theology especially as presented in nineteenth century manuals of moral theology which offered a legal model of morality including a heavy emphasis on canon law He then probes the different approaches and ideas of three important writers Aloysius Sabetti a Jesuit who was a typical as well as the most influential American manualist Thomas J Bouquillon first chair of moral theology at Catholic University of America a neoscholastic who criticized the manuals approach as narrow and incomplete for failing to address principles virtues and the connection to systematic theology and clerical educator John B Hogan a casuist who developed a more inductive and historically conscious methodology Curran describes how all three men dealt in different ways with the increasing role of authoritative teachings in moral theology from the Vatican He also shows how they reflected their American context and the views of their own time on women and sexuality So little attention has been paid to the development of moral theology in this country that these authors are unknown to many scholars Curran's book corrects this oversight and proposes that the ferment revealed in their writings offers important lessons for contemporary Catholic moral theology

*Moral Wisdom* James F. Keenan,2004 Writing in a conversational style filled with stories and examples Jim Keenan breaks open the treasure trove of resources in the Catholic tradition for developing moral wisdom He reclaims four key texts that bishops and lay people alike appealed to in nurturing their moral wisdom the person of Jesus in the New Testament the ten commandments in the catechism the practice of the corporal works of mercy and the development of the four cardinal virtues and lifts up the lessons on love conscience sin and suffering within these texts that form the content of the Catholic moral tradition

*The Making of Moral Theology* John Mahoney,1987 Distinguished Jesuit moral theologian John Mahoney examines the events personalities and conflicts that have contributed from New Testament times to the present to the Roman Catholic moral tradition and its contemporary crisis and interprets the fundamental changes taking place in the subject today Of central significance is the author's critical study of the claim to papal infallibility in matters of faith and morals

*Toward an American Catholic Moral Theology* Charles E. Curran,1987 A collection of previously published essays Includes index Table of Contents Moral theology looks at itself The historical development of moral theology Moral theology in the United States What is distinctive and unique about Christian ethics and Christian morality Moral theology in dialogue with biomedicine and bioethics Moral theology looks at our society Just taxation in the Roman Catholic tradition Filial responsibility for an elderly parent Religious freedom and human rights in the world and in the church An analysis of the United States bishops pastoral letter on the economy The difference between personal morality and public policy

Morality Paul J. Wadell,Paul J Wadell, C P,1997-12

*Handbook of Roman Catholic Moral Terms* James T. Bretzke,2013-10-14 The Handbook of Roman Catholic Moral Terms contains more than 800 moral terms offering concise

definitions historical context and illustrations of how these terms are used in the Catholic tradition including Church teaching and documents James T Bretzke SJ places Catholic tradition in a contemporary context in order to illuminate the continuities as well as discontinuities of Church teaching and key directions of Catholic thought The author also provides extensive cross referencing and bibliographic suggestions for further research Designed to serve as a vital reference work for libraries students and scholars of theology priests and pastoral ministers as well as all adults interested in theological enrichment or continuing education the Handbook of Roman Catholic Moral Terms is the most comprehensive post Vatican II work of its kind available in English

**The Living Tradition of Catholic Moral Theology** Charles E. Curran, 1992 Catholic moral theology is a living tradition in which each generation must understand appropriate and live the Christian message in the light of its own history culture and time The Catholic tradition argues Charles E Curran in this new meticulously reasoned set of essays must be in dialogue with present realities sometimes criticizing them severely and at other times learning from them Curran begins by examining the tensions existing in the Roman Catholic church today and suggests why they are more severe than they should be He argues that official Catholic social teaching in sexual areas and Catholic ecclesiology have not incorporated a moral theology based on creative fidelity he calls for a change in official sexual teaching ecclesiology and the exercise of the hierarchical magisterium on the basis of the methodological approaches found in contemporary official Catholic teaching Richard A McCormick Curran suggests is one contemporary Catholic moral theologian who successfully illustrates creative fidelity by employing the casuistic method of the Jesuit tradition in moral theology to evaluate the changing problems of our contemporary life Curran discusses perennial issues in moral theology that take on crucial importance in the changing realities of our contemporary existence the relationship between Christian and human morality divine providence and human responsibility academic freedom and military force Throughout the volume while fully aware that the Roman Catholic church and moral theology will always know and experience the tensions of creative fidelity Curran challenges himself and his readers to make certain that these tensions contribute to the ongoing life of the church

As recognized, adventure as without difficulty as experience roughly lesson, amusement, as skillfully as bargain can be gotten by just checking out a book **Catholic Morality** after that it is not directly done, you could recognize even more approximately this life, concerning the world.

We give you this proper as without difficulty as simple artifice to get those all. We present Catholic Morality and numerous book collections from fictions to scientific research in any way. in the middle of them is this Catholic Morality that can be your partner.
