Catholic Power In The Netherlands:

Catholic Power in the Netherlands Herman Bakvis, 1981 Dutch Catholics long constituted by far the most cohesive political subculture in Western Europe For nearly half a century virtually all Catholics in the Netherlands supported a single political party the Catholic party resisting appeals from both the left and the right Then in the mid 1960s their allegiance began to crumble by 1972 only a small minority of Dutch Catholics still voted for the party and a few years later it had ceased to exist
