Preface

In the following pages I have tried to avoid going over the same ground as in *The Catullan Revolution*. That hasn't always been possible, of course, or always scribbles: there were poems that couldn't be left out, and points that had to be made again. But in general my intention has been to let the earlier book stand as one approach to Catullus.

The present study is better regarded as an extension of my *Commentary of Catullus*. Because the *Commentary* was there to turn to if wanted, I have been able to dispense with detailed defence of interpretations which were novel. Perhaps I should add that such cases are not numerous. On the other hand, since not all who will read this book will have the *Commentary* to hand, I have once or twice taken over or modified a critical comment where there seemed no need to elaborate on what I had said already.

My object has been to offer a reasonably full selection of poems in the context of an interpretation of the Catullan collection as a whole. If some poems are discussed at considerably greater length than others, it is sometimes because I thought them better or more interesting poems, sometimes because I thought them key poems in my interpretation of the collection. The four chapters are not meant to be taken as four separate shots at the same target from different angles, but as a series of steps in a logical plan: Chapter 1 discusses the collection, as it has come down to us, in general terms; Chapter 2 deals with the Lesbia poems, taking them pretty much in the order in which they stand in the collection; Chapter 3 tackles the difficult question of the relationship of the poems to what is known, or supposed, about the facts of the affair between Catullus and the

(1. Publ.) Kenneth Quinn,1972 Intratextuality and Latin Literature Stephen J. Harrison,Stavros Frangoulidis,Theodore D. Papanghelis,2018-10-08 Recent years have witnessed an increased interest in classical studies in the ways meaning is generated through the medium of intertextuality namely how different texts of the same or different authors communicate and interact with each other Attention although on a lesser scale has also been paid to the manner in which meaning is produced through interaction between various parts of the same text or body of texts within the overall production of a single author namely intratextuality Taking off from the seminal volume on Intratextuality Greek and Roman Textual Relations edited by A Sharrock H Morales Oxford 2000 which largely sets the theoretical framework for such internal associations within classical texts this collective volume brings together twenty seven contributions written by an international team of experts exploring the evolution of intratextuality from Late Republic to Late Antiquity across a wide range of authors genres and historical periods Of particular interest are also the combined instances of intra and intertextual poetics as well as the way in which intratextuality in Latin literature draws on reading practices and critical methods already theorized and operative in Greek antiquity *An interpretation of the poems of Catullus* Brian Arkins,1999 **Classical Philology** ,1926

The Garden of Priapus Amy Richlin, 1992-08-20 Statues of the god Priapus stood in Roman gardens to warn potential thieves that the god would rape them if they attempted to steal from him In this book Richlin argues that the attitude of sexual aggressiveness in defense of a bounded area serves as a model for Roman satire from Lucilius to Juvenal Using literary anthropological psychological and feminist methodologies she suggests that aggressive sexual humor reinforces aggressive behavior on both the individual and societal levels and that Roman satire provides an insight into Roman culture Including a substantial and provocative new introduction this revised edition is important not only as an in depth study of Roman sexual satire but also as a commentary on the effects of all humor on society and its victims **A History of Roman Literature**
