*The Causal Body and the Ego* Arthur Edward Powell, 1928      *The Causal Body and the Ego* Arthur E. Powell, 2013-10  
This is a new release of the original 1928 edition      **The Causal Body and the Ego** Arthur Edward Powell, 1972      Causal Body and the Ego Arthur E. Powell, 2016-01-09 THE CAUSAL BODY AND THE EGO      *The Revelation of Saint John* Zachary F. Lansdowne, 2006-05-01 The Revelation of St John the last book of the canonical Bible has been a mystery since it first appeared No other part of the Bible has caused more controversy Traditional interpretations of the book fall into one of three categories the major prophecies that are supposed to have been fulfilled in the destruction of Jerusalem in 70 A D the historical view that Revelation predicts the course of human events from the founding of Christianity to the end of the world or the futurist view that Revelation predicts events that will occur at the end of the world It s actually none of the above writes Zachary F Lansdowne a leading expert in the field of spiritual initiation In the Introduction to this rich and complex interpretation he writes According to its own verses the Revelation is concerned with the present time which is whatever time we happen to be reading it and contains information that we can apply immediately to become blessed This is not a book about end times or Armageddon and when it might come This is a book written entirely in symbols concealing a path for early Christians and for the contemporary reader Lansdowne has applied a unique psychological method of interpretation that takes each symbol as depicting some aspect of human consciousness rather than an eternal event thus showing that the Revelation is actually a detailed instruction for the spiritual journey a map to the wakening of higher consciousness Moreover while the Revelation appears in the great lineage of Judeo Christian tradition Lansdowne shows that its instruction can be appreciated and applied to seekers from any tradition Lansdowne s line by line and verse by verse interpretation presented here in an easy to read side by side format is a manual for the true seeker who would follow teachings of Jesus as they were and are laid out rather than as they have been interpreted by theologians and biblical historians The Revelation of St John when unlocked by the key of psychological methodology is revealed to contain ideas from many diverse wisdom traditions and philosophies archangels in Judaism chakras and kundalini in Hinduism Buddhist mindfulness the redemptive power of love in Christianity and absolute standards of comparison in Platonic philosophy Zachary Lansdowne s revelatory text makes these teachings of the path to true soul initiation available to seekers from every spiritual tradition      The Chakras & Esoteric Healing Zachary F. Lansdowne, 1993-01-01 Many healers today are working with the chakras subtle force centers that vitalize and control the physical body This excellent sourcebook examines the relationships between the chakras states of consciousness and the following types of esoteric healing Pranic healing which can stimulate the vitality within the patient s physical body Telepathic healing which can effect the patient s mental attitudes and subconscious mind and Radiatory healing which can calm the patient s emotions awaken compassion strengthen the mind and bring the individual into alignment The author also discusses meditation self hypnosis and its dangers spiritual

meant to help the ordinary person understand some of the basic principles of his or her religious background within the framework of a universal understanding of spirituality All terms are explained in a simple manner with each term presented as a separate entry With the explanations grouped according to subject and placed alongside one another many similarities between the various religions immediately become apparent Among these many pages the reader will find a mixture of interesting concepts quotations thoughts perceptions and ideas There should be something for everyone whoever they are and whatever their bent of mind The Treasury is prepared and edited by an international team of researchers contributors editors and readers with a wide variety of religious and cultural backgrounds All those involved gave their time and expertise freely to the project Since the Society does not seek any profit and the cost of printing in India is low the Treasury can be sold at a very low price This helps the Society stay true to its premise that spirituality is the birthright of all that no profit should be extracted from its dissemination and most important that knowledge of these truths should not be withheld from anyone for economic reasons Provided by publisher     **The Theosophist** ,1928     *A Treasury of Mystic Terms* John Davidson (M.A.),2003     **Bookseller** ,1928 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series     The Quest ,2006     **Subject Index of Modern Books Acquired 1881/1900-**.
