CCCC Bibliography of Composition and Rhetoric 1992 Gail E. Hawisher, Cynthia L. Selfe, 1994-04 The CCCC Bibliography of Composition and Rhetoric published for the Conference on College Composition and Communication offers teachers and researchers an annual classified listing of scholarship on written English and its teaching at the college level The 1992 volume lists and annotates 1 656 articles books dissertations and papers that with few exceptions were published during the 1992 calendar year A group of 149 contributing bibliographers prepared the citations and annotations for the entries appearing in this volume The CCCC Bibliography includes an index of authors and editors a subject index and entries cross referenced according to subject matter

Considerably more comprehensive than other bibliographies in composition studies the CCCC Bibliography of Composition and Rhetoric draws upon a large group of experts in the field to aid teachers and researchers in sorting through a vast body of interdisciplinary material making their work easier and more effective Further the range of texts represented in the CCCC Bibliography has been expanded to include a greater number of entries dealing with feminism critical theory technology and cultural studies as they relate to composition and rhetoric Each document is cited and annotated only once under one of the five major sections of the CCCC Bibliography Each entry however receives an entry number so that cross references to other sections are possible This feature is especially useful because much scholarship in composition and rhetoric is interdisciplinary in nature Cross references appear as a listing of entry numbers preceded by See also found at the ends of subsections Entries appear under five major categories bibliographies and checklists theory and research teacher education administration and social roles curriculum and testing measurement and evaluation Although the CCCC Bibliography excludes master s theses textbooks computer software and book reviews from its coverage it furnishes citations to review essays articles appearing in some 228 journals scholarly monographs and essay collections dissertations abstracted in

Dissertation Abstracts International and selected documents and conference materials available through ERIC

CCCC Bibliography of Composition and Rhetoric 1989 Erika Lindemann, 1991-05 Published for the Conference on College Composition and Communication this volume offers teachers and researchers an annual classified listing of scholarship on written English and its teaching at the college level The 1989 volume lists and annotates 1 857 articles books dissertations and papers A group of 127 contributing bibliographers prepared the citations and annotations for all entries The volume includes an index of authors and editors and cross references entries according to subject matter Entries appear under five major categories bibliographies and checklists theory and research teacher education administration and social roles curriculum and testing measurement and evaluation Although The CCCC Bibliography excludes master s theses textbooks computer software and book reviews it includes review essays articles appearing in some 150 journals scholarly books and essay collections citations to dissertations abstracted in Dissertation Abstracts International and selected documents and conference materials available through ERIC Other bibliographies in the field of composition studies The CCCC Bibliography of Composition and Rhetoric is more comprehensive than other bibliographies in the field of composition studies It also draws upon a large group of experts in the field to aid teachers and researchers in sorting through a vast body of interdisciplinary material making their work easier and more effective

CCCC Bibliography of Composition and Rhetoric 1993 Gail E. Hawisher, Cynthia L. Selfe, 1995-06 Greatly expanded over past years this volume lists and annotates 2 054 articles books dissertations and papers that with few exceptions appeared in 1993 It includes an index of authors and editors a subject index and entries cross referenced according to subject matter Entries in this present volume include topics with which rhetoricians and compositionists have always concerned themselves The 1993 volume is however the largest CCCC Bibliography so far with many of its titles dealing with the relationship of composition and rhetoric to critical theory gender issues and cultural studies This volume also differs from earlier editions in that it contains a new section on electronic discussion groups or listservs including information on how readers may join the various groups The CCCC Bibliography of Composition and Rhetoric draws on a large group of experts in the field Annotations which accompany every entry in this volume describe a publication s contents and are intended to help users determine its usefulness Annotations are brief and are meant to be descriptive not evaluative they explain what an entry is about but leave readers free to judge for themselves the work s merits

CCCC Bibliography of Composition and Rhetoric 1994 Gail E. Hawisher, Cynthia L. Selfe, 1996-09 This volume lists and annotates more than two thousand articles books dissertations and papers that with few exceptions appeared in 1994 It includes an index of authors and editors a subject index and entries cross referenced according to subject matter The 1994 Bibliography looks dramatically different from the Bibliography Erika Lindemann founded more than ten years ago Many more titles now relate to fields not represented in early editions Although composition and rhetoric has always borrowed methods of investigation from other disciplines areas such as critical theory science studies feminist

theory technology studies and postmodern theory were much less a part of the discipline a decade ago These fields are well represented this year This volume like the 1993 Bibliography also differs from early editions in that it contains a section on electronic discussion groups or listservs including information on how readers may join the various groups Yet the mission and goals of the Bibliography remain the same to ensure that it is sufficiently comprehensive that it can continue to function as a major bibliographical resource available to scholars and teachers in rhetoric composition communication and literary education As usual the CCCC Bibliography of Composition and Rhetoric draws on a large group of experts in the field Annotations which accompany every entry in this volume describe a publication s contents and are intended to help users determine the entry s usefulness Annotations are brief and are meant to be descriptive not evaluative they explain what an entry is about but leave readers free to judge for themselves the work s merits The CCCC Bibliography of Composition and Rhetoric remains a critical bibliographical resource one that reflects and respects the variety of scholarship in composition studies and that exerts a constructive productive influence on the composition and rhetoric community CCCC
