Celebration And Experience In Preaching:

Celebration & Experience in Preaching Prof. Henry H. Mitchell, 2010-09-01 Henry H Mitchell's great contribution to the study of preaching has been his insistence that the homiletical practices of the Black church are gifts to the whole church. Nowhere has he made this point more forcefully than in *Celebration and Experience in Preaching*. In this classic text he advocates a way of preaching that genuinely engages all aspects of the congregation's attention especially the ability to both understand and to feel the sermon's message. In this revised edition Mitchell builds on this groundbreaking work by examining in greater depth the multiple ways in which we experience the preached word by defining the different kinds of claim on the behavior of the hearer that biblical texts express and by exploring various genres of sermon to discover the concrete manifestations of celebration and experience.

Rethinking Celebration Cleophus J. LaRue, 2016-08-01 This book is a clarion call for African American preachers to think more deeply about the aims and ends of their preaching—namely to stop putting so much emphasis on celebratory endings to our sermons and focus more on the substantive content in our sermons. Our so-called celebratory preaching designed to excite the congregation into action through a highly emotional closing of the sermon has had the opposite effect. Rather than inducing action it has lulled generations of black congregants to sleep. While we are jumping up and down shouting and waving our hands in the air every Sunday during the worship hour we seem not to notice the growing number of churched and unchurched alike who are becoming powerfully alienated from any form of institutional religion from the introduction. Celebration is a term that has long been used to describe African American preaching characterized by content that affirms the goodness and powerful intervention of God as well as style that builds from quiet beginnings to an emotionally rich crescendo in conclusion. Cleophus J. LaRue argues that while celebration is one of African American preaching's greatest gifts to the larger church too many black preachers have become content with the form of celebration—volume vocabulary pitch speed rhythm and the like—to the neglect of its essence—the proclamation of the mighty acts of God in the lives of their congregations and communities. This kind of preaching LaRue contends fails to address the ongoing problems of the African American community and is powerless to prevent the growing disaffection of black America with the black church. In words both prophetic and practical LaRue suggests ways to improve black preaching that honor both the form and the power of the African American homiletical practice of celebration. Preachers will learn how to use celebration more selectively and as part of a fully formed preaching practice rather than as a means of distracting the congregation from pressing social and theological questions. The book includes six illustrative sermons from LaRue as well as Paschal Sampson Wilkinson Sr Brian K Blount and Claudette Anderson Copeland.

Spirit Speech Luke A. Powery, 2009 An exploration of the manifestations of the Holy Spirit in preaching.

Never Quit Praise God The Role of Celebration in Preaching provides the steps that are essential to understand and experience the Gospel through celebration and praise This revised edition is updated with two new sermon illustrations and a sermon preparation worksheet A Study Guide to Accompany Celebration & Experience in Preaching Martha J. Simmons, Henry H. Mitchell, 1993 *Crossover Preaching* Jared E. Alcántara, 2015-10-08 In our increasingly pluralistic and multicultural society there is a need for preaching that is capable of crossing cultural boundaries and engaging multiple contexts Jared Alcántara's exciting new work proposes an intercultural and improvisational account of preaching in conversation with the legacy of Gardner C Taylor **Practical Theology for Black Churches** Dale P. Andrews, 2002-01-01 Exploring the concept of church as refuge offers a way to bridge the gap between black theology with its social and political concerns and black churches with their emphases on pastoral care and piety **Black Preaching** Henry H. Mitchell, 1990 Henry H Mitchell has completely revised and integrated his popular books *The Recovery of Preaching* and *Black Preaching* for seminarians and pastors both Black and White who are seeking to add power and vision to their sermons Mitchell persuasively demonstrates that Black culture and preaching style are vital for the empowerment of Black congregations and have much to offer the preaching method of all preachers By focusing on the use of storytelling imagination and style of preaching rooted in African American culture Mitchell spotlights effective techniques for lively preaching **Black Preaching**, 1979 Transcripts of representative sermons are used to illustrate an appraisal of the language and style of the Black preaching tradition **Preaching Jesus** Charles L. Campbell, 2006-09-01 The post liberal cultural linguistic theology of the Yale School has been one of the most important theological developments in the United States during the latter twentieth century In this unique book which combines theological analysis and homiletical reflection Charles Campbell examines post liberal theology as it is embodied in the work of Hans Frei and develops the implications of this theological position for the theory and practice of preaching Arguing that the trouble with homiletics today is fundamentally theological Campbell offers Frei's theological position as a means for enriching the Christian pulpit and renewing the church **The Web of Preaching** Richard L. Eslinger, 2002-08-01 Preaching is not as simple as it may appear The preacher today is confronted with a dizzying array of homiletic methods and approaches each holding important insights into how to proclaim the Good News While pastors wish to learn from these different ways of preaching they often do not know where to begin Who are the best representatives of a given approach How do the different methods relate to one another How has the preaching scene changed in recent years In *The Web of Preaching* Richard Eslinger addresses these and other questions about contemporary approaches to preaching Surveying the most important current theories of preaching he argues that no homiletic method can be understood on its own The different schools of thought on preaching all intersect at such common points as Scripture narrative and the role of preaching in worship A strength in one compensates for a weakness in another and seen together they form one comprehensive web of preaching This book is a follow up to Eslinger's earlier *A New*

Hearing which has been a standard text in preaching courses since its publication in 1987 *Preaching with Cultural Intelligence* Matthew D. Kim, 2017-10-17 To preach effectively in today's world preachers need cultural intelligence They must build bridges between listeners who come from various denominations ethnicities genders locations religious backgrounds and more Experienced preacher and teacher Matthew Kim provides a step by step template for cross cultural hermeneutics and homiletics equipping preachers to reach their varied listeners in the church and beyond Each chapter includes questions for individual thought or group discussion The book also includes helpful diagrams and images a sample sermon and appendixes for exegeting listeners and for exploring cultural differences

Martin Luther King in the African American Preaching Tradition Valentino Lassiter, 2001 Although it is well known that Martin Luther King Jr borrowed ideas from non Christian faith traditions and was strongly influenced by European theologians and philosophers he remained well grounded in the African American preaching tradition Valentino Lassiter shows that King's musical delivery style was only one aspect of this tradition The content of his sermons which expressed steadfast determination in the struggle for justice and the assurance of a just God who willed freedom for all has its roots in biblical lections delivered by slave preachers This book is an important resource for pastors seminarians and for those interested in African American history

Preaching with a Cupped Ear Jeffrey Francis Bullock, 1999 For the last twenty five years practitioners of what has come to be known as the New Homiletic have attempted to discover a way through the crisis of preaching to new effectiveness However New Homileticians continue to locate their efforts in a representational view of language This study analyzes and evaluates current views of language and preaching and then juxtaposes them with views of language and communication articulated by the contemporary German philosopher Hans Georg Gadamer This revised

homiletic moves beyond constraints imposed by contemporary homiletical theory's language commitments to a unique appropriation of conversation as a means of facilitating an experience *Erfahrung* with the word *Preaching the Experience of Hope* Kristopher S. Hewitt, 2010 *Weary Throats and New Songs* Teresa L. Frye Brown, 2003 Teresa Frye Brown's music ministry forms a background for her application of music as a metaphor to the preaching moment. In this book she interviews numerous preaching sistas and uses categories from her homiletics courses to structure the data that she found in the interviews. The result is a helpful Black Women's Commentary on the homiletic process. The first couple of chapters provide information on ordination and call that every male minister of the Gospel should keep in mind. It is a review of the gender barrier to ordination. Interestingly enough, this aspect of the book also demonstrated the resolve of our sisters to find ways and means to preach the gospel irregardless of these barriers. While we should never accept discrimination in any form, I did find the list of venues for women's in ministry to be a very helpful way to see other possible ways to minister apart from the pulpit in the church that all ministers male and female should look at. Our sisters have shown us the way to greater ministry. After call and ordination, Brown moves to a discussion of Biblical exegesis themes and structures for sermons by Black women. I found that this section demonstrated that while some women have a tendency towards preaching actively for liberation of women, most of the themes such as purpose, hope, and liberation of the poor, holds much in common with the Black male preacher. From Amazon.com **Preaching for Black Self-esteem** Emil Thomas, Henry H. Mitchell, 1994. Two powerful preachers, one the Dean of Black preaching, the other a gifted young Black preacher, combine to offer a boost to the self-esteem of African Americans. Mitchell and Thomas begin by defining the need for ethnic self-esteem and trace it through the history of Africans and Americans. They then offer a positive theology of ethnic self-esteem. Two sample sermons are included. Wisdom of the Ages Robert Johnson-Smith, 1995. Johnson-Smith has extracted these gems of wisdom from his interviews with more than one hundred preachers in fifteen denominations.
