Mega Media Nancy Maynard, 2000. WHAT THEY'RE SAYING ABOUT MEGA MEDIA. Every so often an author explains our culture in such an original way that from that day on we see the world around us in a new, if not clearer, light. This is especially true when the topic is the business of media, because its influence is a thread woven intricately into our daily routine. MEGA MEDIA is an important and a good read. Anil Padmanabhan, Nieman Reports. MEGA MEDIA is must reading for any communications executive or any citizen seriously interested in the transformation of the news business. Walter Anderson, Publisher, Parade Magazine. MEGA MEDIA is an important story told in a concise, thoughtful, and highly readable manner. It effectively debunks the conventional wisdom that so easily emerges from the myths about our business. For that reason alone, the book deserves to be read and discussed widely. Robert H. Giles, Senior Vice President, The Freedom Forum Media Studies Center. With the grace of an accomplished journalist and the experience of a newspaper owner, Nancy Maynard analyzes the forces shaping the newspaper business. Her passion for the social mission of journalism is clear, but so is her vision of economic necessity. Don't come to this volume for nostalgia or newsroom populism. Maynard knows that the future is brightest when at present one begins by facing up to the earth. Jack Fuller, President, Publishing Tribune Co. MEGA MEDIA is the best distillation of what's happening to the news businesses that I have read. I'm recommending it to people I know who are concerned about these issues, which should mean everyone in journalism. Jim Bettinger, Director, John S. Knight Fellowships. I can't imagine anyone lecturing about the media or the future of journalism without turning to this book. Jim Steele, Senior Writer at Large, Time Inc. If you feel besotted by the hoopla over what is happening to the news business these days, or how the frenetic marketplace and rampaging technology seem to be placing everything up for grabs, then here is a
