Work from Home Serge Chapter, 2019-01-12 Every weekday morning, working people leave the comfort of their homes to head to work. Some of them live so close to their places of employment they're able to walk. Others commute on trains, in cars, and even on bicycles. Many of these people dream of working from home. They reflect on the joys of awakening and walking with their coffee from the kitchen to their home office, even if it's the kitchen table. They sigh ruefully, not believing that the work-from-home dream could be theirs if only they were to think a little outside the box. I'm writing this brief book to let you know that the work-from-home dream is for anyone who's willing to reach for it. It's not an impossible dream, either. As I write, there are millions of people all over the world working from home. They're in their pajamas at the kitchen table. They're sitting in the park. They're drinking coffee at the corner java joint. Wherever they are, they're making money, and they're making it on their terms and on their schedule. Wouldn't you like to be your own boss, keeping the hours that suit you best? Wouldn't you like to make commuting to work a thing of the past? It can be done. This book seeks to prove my point. It's a collection of key information based on case studies which demonstrates that working from home is not just a possibility. It's something that will change your life, recreating it as more prosperous and less stressful, just because you were willing to make a change. But the road to professional independence may not be perfectly smooth. You may not make all your money from one sole revenue stream, to
