Communication, Coaching and Conflict Diane Shawe, 2018-09-06 Self awareness is one hallmark of a good leader To be a good leader you need first to understand yourself

to have an understanding of your own leadership style and how it impacts on others One way to discover yourself is to complete a type of self assessment and the second is to ask colleagues for feedback on your leadership abilities This is a very quick read and can be done over breakfast lunch or a coffee break **The Wisest Owl** Anupam Gupta,2022-07-25 India is witnessing a major change in the way we look at money Having reached the middle income status as a country a vast section of the youth is now aspiring for higher financial goals This large population is breaking away from its parents in almost every way including financially But the new generation of Indians entering the workforce demand more knowledge on their investments They constantly grapple with complicated questions surrounding money What do they do with their money How do they plan for their future Most of the time they get bad advice Mutual funds have not really delivered meaningful returns stock selection is extremely complicated and sophisticated investments like PMSs AIFs etc are only for the wealthy This book tries to help these young investors by offering them a framework they can use to create wealth in the long run Using the wisdom and experience of Indian s top personal finance professionals the book answers critical questions such as Should I rent a house or buy a house Passive investing versus active investing Stocks versus mutual funds Debt funds or FDs And finally crypto or no crypto Song Interpretation in 21st-Century Pop Music Ralf von Appen,André Doebling,Allan F. Moore,2016-03-03 Existing books on the analysis of popular music focus on theory and methodology and normally discuss parts of songs briefly as examples The impression often given is that songs are being chosen simply to illuminate and exemplify a theoretical position In this book the obverse is true songs take centre stage and are given priority The authors analyse and interpret them intensively from a variety of theoretical positions that illuminate the song Thus methods and theories have to prove their use value in the face of a heterogeneous contemporary repertoire The book brings together researchers from very different cultural backgrounds and encourages them to compare their different hearings and to discuss the ways in which they make sense of specific songs All songs analysed are from the new millennium most of them not older than three years Because the most widely popular styles are too often ignored by academics this book aims to shed light on how million sellers work musically Therefore it encompasses a broad palette highlighting mainstream pop Lady Gaga Ke ha Lucenzo Amy McDonald but also accounting for critically acclaimed indie styles Fleet Foxes Death Cab for Cutie PJ Harvey R B Destiny s Child Janelle Monae popular hard rock Kings of Leon Rammstein and current electronic music Andr s Bj rk By concentrating on 13 well known songs this book offers some model analyses that can very easily be studied at home or used in seminars and classrooms for students of popular music at all academic levels A Cannes Lions Jury Presents: The Art of Branded Entertainment PJ Pereira,Monica Chun,Jules Daly,Richard Dias,Samantha Glynne,Carol Goll,Gabor Harrach,Marissa Nance,Toan Nguyen,Luciana Olivares,Marcelo Páscoa,Misha Sher,Pelle Sjoenell,Jason Xenopoulos,Tomoya Suzuki,2018-06-14 A special premi re release of this groundbreaking book on the art of advertising and brand management to coincide with the 2018 Cannes Lions International Festival of Creativity A collection of essays from jurors on the 2017
