Regulating Hate Speech Created by Generative AI Jay Liebowitz, 2024-08-02

Regulating Hate Speech Created by Generative AI explores the new hybrid space of Human Machine Interaction HMI in which hate speech is represented and computed through algorithms and AI generative systems The book is exploratory because there are still many problem-solving challenges to be faced It is also innovative because it is not assuming that solutions lie only in technological advancements but on a broader scale In this sense large language models can and are being considered from a holistic view i.e. from the different dimensions and layers of regulatory and legal governance Highlights of the book include Generative AI and social engines of hate An introduction to generative Artificial Intelligence application trends and ethics The mechanics and validation of generative AI outcomes An evaluation of Generative AI for hate speech detection Best practices and key considerations for AI regulation Using GenAI capabilities for early detection of threats in the digital environment This book is a hard look at ways to regulate generative AI to reduce online hate and secure justice in a digital environment Featuring research and offering practical guidelines the book examines guidelines for regulating generative AI models so they do not

contribute to online hate disinformation and imagery

The Artificial Intelligence Playbook Meghan Hargrave, Douglas Fisher, Nancy Frey, 2024-02-29 Time Saving AI Tools that Make Learning More Engaging Busy educators need tools that support their planning and provide them with more time with students While Artificial Intelligence AI has emerged as a promising solution it can only help if we re willing to learn how to use it in ways that improve upon what we already do well The Artificial Intelligence Playbook Time Saving Tools that Make Learning More Engaging is here to empower teachers to explore AI s potential and discover practical ways to implement it to enhance their planning and instruction Two chapters and 6 Educator Functions guide teachers step by step through how to purposely use AI to Compose Writing Prompts and Avoid Plagiarism Manage Content Foster Student Engagement Meet Students Instructional Needs Assess Student Learning Continue Lifelong Learning Though AI has the potential to reduce workload for educators it will never replace teachers Your connection with students is irreplaceable and greatly impacts their learning Consider AI a valuable tool that provides you with more time to build and sustain those vital relationships with students and that can assist them in learning at the very same time
