Man Up Cynthia Miller-Idriss, 2025-09-16 The revelatory and urgent story of how an explosion of misogyny is driving a surge of mass and far right violence throughout the West from an internationally recognized extremism expert and media commentator What two things do most mass shooters terrorists or violent extremists have in common Most of us know the first they are almost always men or boys But the second They are almost always virulent misogynists homophobes or transphobes even if they are also motivated by racism antisemitism or xenophobia. The antigovernment militiamen charged with plotting to kidnap and execute Michigan governor Gretchen Whitmer used language saturated with misogyny with one telling an FBI informant Just grab the bitch The men who killed scores at Virginia Tech the Pulse nightclub and a Maryland newsroom all had prior reports of stalking domestic violence or harassment of women And in dozens of other incidents from North America to Norway to New Zealand an increasing number of misogynist incel involuntary celibate and male supremacist attackers have explicitly targeted and killed women blaming feminism or sexual frustration with women as motivation for their attacks Yet despite all evidence the bright red thread of misogyny running through these attacks is barely acknowledged by the media or even experts and this failing leaves us powerless to stop the violence In Man Up Cynthia Miller Idriss a leading expert on extremism addresses this crucial oversight head on revealing how an epidemic of misogyny both online and off and a patriarchal backlash are driving an exponential rise in mass and far right violence She also offers essential strategies that all of us including parents teachers and counselors can use to fight the rising tide of violence beginning with recognizing the misogyny that pervades our everyday lives Field and Fancy ,1914 Creative Training Techniques Newsletter ,1990 AI Marketing
