comprehensive yet user friendly guide for success in today s challenging business environment      **Make It To the Top**  
Payal Nanjiani,2024-09-16 You are working hard You are sustaining your job You are doing well in your field Life seems fine  
But there is something that s holding you back from making it to the top in your field of work That something could be an  
annoying habit a behaviour or a trait that s getting you stuck in your career All of us want promotions and salary increases  
We desire to make it to the top But most of us don t realize that these things cannot be asked for by putting our hands out  
You can get that promotion the salary raise the new project the visibility the sponsors the accolades and the achievements  
only when you work on yourself harder than you work on your job You must become such that success promotion and job  
offers begin to follow you everywhere In this book Payal Nanjiani points out that the reason why many do not make it to the  
top is not because of a lack of information abilities or skills Having private access to some of the world s most successful  
industry leaders she tells you that those who truly make it to the top in their careers are doing things differently than others  
An expert coach who helps leaders globally overcome their unconscious habits and behaviours to attain higher levels of  
success she has worked with corporates and leaders around the globe bringing about a huge transformation in the thinking  
and behaviours of leaders Her one on one coaching comes with a six figure price tag But in this book Payal shares some great  
advice and strategic solutions to reach the top without a hefty price tag The book has hands on advice on what to do how to  
do it and what transformation to bring about in your thinking and habits These ideas powers and habits have been tested in  
practice on numerous executives Payal has coached in the past eighteen years and are helpful to people in every part of the  
organization We all face challenges and deal with setbacks But in the long run you ll achieve incredible growth and success if  
you re willing to change your thinking and behaviours Are you ready to unlock your leadership powers and live your best life

**Co-Design of Rehabilitation Programming** Janelle Unger,James Middleton, John Bourke,Dalton L. Wolfe,2025-01-14  
Co Design is an approach used in healthcare that integrates patient and care partner experiences into service and program  
development and delivery Co design involves both users and healthcare professionals or researchers working together to  
identify opportunities for improvement set goals evaluate progress and outcomes and reflect on processes Implementing a co  
design process improves person centered care and results in positive outcomes for both patients and staff Research in this  
area has increased significantly over the previous 15 years however much of this work has been focused on primary care It is  
important to focus on the use of co design in rehabilitation settings specifically due to the unique goals of these programs  
The goal of this Research Topic is to highlight the use of co design in rehabilitation programming and to value the knowledge  
and experience of those with lived experience who use rehabilitation services The insights gained will provide a foundation  
for future rehabilitation program development
