Greene, Kevin J. Burke, Maria K. McKenna, 2016-02-26 This collection of original research explores ways that educators can create participatory spaces that foster civic engagement critical thinking and authentic literacy practices for adolescent youth in urban contexts Casting youth as vital social actors contributors shed light on the ways in which urban youth develop a clearer sense of agency within the structural forces of racial segregation and economic development that would otherwise marginalize and silence their voices and begin to see familiar spaces with reimagined possibilities for socially just educational practices

Horror Literature and Dark Fantasy Mark A. Fabrizio, 2018-05-16 Horror Literature and Dark Fantasy Challenging Genres is a collection of scholarly essays intended to address the parent whose unreasoning opposition to horror entails its removal from a school curriculum the school administrator who sees little or no redeeming literary value in horror and the teacher who wants to use horror to teach critical literacy skills but does not know how to do so effectively The essays herein are intended to offer opportunities for teachers in secondary schools and higher education to enrich their classes through a non canonical approach to literary study This book is a deliberate attempt to enlarge the conversation surrounding works of horror and argue for their inclusion into school curricula to teach students critical literacy skills

Handbook on Gender and Digital Media Dustin Harp, Ingrid Bachmann, Jaime Loke, 2025-09-10 This timely Handbook explores the intersection between gender and digital media examining how virtual platforms both challenge and reinforce traditional gender norms and inequalities Taking an interdisciplinary approach it reflects on key issues such as gendered digital labor self expression and intersectionality in cyberspaces

Adolescent Use of New Media and Internet Technologies Gordon P. D. Ingram, 2023-03-31 This book engages with contemporary and often polarizing debates surrounding the risks of adolescent use of digital media and internet technologies By drawing on multiple research studies the text synthesizes current understandings of the impacts of social network use online gaming pornography and phenomena including cyberbullying cyberstalking and internet addiction to develop recommendations for the effective identification of at risk youth as well as strategies for informed communication about online risks and opportunities It shows how media discussion of risks to children and teenagers from new technology is highly emotive and often exaggerated rooted in the moral panic surrounding new cultural practices that young people engage in but which adults do not understand Online risks are thus conceptualized as centering on three areas specific to adolescence which have undergone radical changes due to new internet technology These include young people's identity the types of content that are accessed and social relationships The author shows how these matters stem from the potential of new technology to establish new interpersonal connections emphasizing how it brings opportunities as much as risks As such he provides a uniquely balanced discussion of potential dangers while also emphasizing the opportunities for social academic and personal growth which new technologies afford young people It will be indispensable for researchers and clinicians interested in assessing levels of online risk as well as scholars and educators with interests in cyberpsychology social psychology cyber culture social aspects of computing and
