Principles of Strategic Communication Derina Holtzhausen,Jami Fullerton,Bobbi Kay Lewis,2025-10-31 Now in a second

edition this book introduces students to the theories of strategic communication and their application to everyday practice. Key updates to the second edition include the use of artificial intelligence in the practice of strategic communication and a focus on health communication and crisis communication in the wake of a global pandemic, personal branding, social responsibility in an era of disinformation, and the addition of models for ethical decision making. It also features a completely updated chapter on new media and media metrics. Each chapter includes introductory learning outcomes, updated case studies, a career profile of a current practitioner, end of chapter discussion questions, and boxes that highlight theory and research as well as the strategic communication industry insights. *Principles of Strategic Communication, Second Edition* is ideal as a core text for undergraduate students in strategic communication courses within media communication, marketing, and advertising programs. The accompanying online resources feature chapter summaries, useful links to examples of strategic communication in action, suggested further reading, and sample test questions. Instructors will find an instructor's resource manual that includes sample syllabi, class activities, lecture topics, and a test bank. New to this edition are PowerPoint slides for each chapter. AI Business for Everyone Michael T. Murphy, AI income strategies that actually work for YOUR life. This 1,000-page manual guide delivers hyper-personalized passive income roadmaps for 15 demographics: parents, retirees, freelancers, everyone. With 2100 ready-to-use prompts, case studies exposing costly pitfalls, and aggressive 30-day action checklists, you'll build your 1,000 monthly automated income while others just read about AI. While others debate whether AI will take their jobs, smart individuals across every demographic are quietly building automated income streams generating thousands monthly. This isn't another generic "make money with AI" guide assuming everyone's a tech-savvy twenty-something. This is the first truly democratized roadmap to AI wealth, crafted for YOUR specific situation. Whether you're a stay-at-home parent squeezing work between school runs, a retiree navigating technology, a burned-out freelancer seeking leverage, or an influencer fighting algorithm changes, this 1,000-page manual guide delivers hyper-personalized strategies for your unique circumstances. Each of fifteen demographic-focused chapters weaponizes your specific advantages and turns perceived limitations into competitive edges. What sets this guide apart is relentless practicality. This isn't theoretical exploration; it's a bootcamp. Every chapter demands action through implementation checklists, leaving zero room for procrastination. You'll launch micro-businesses during naptime, automate client work during lunch breaks, and build passive income streams aligned with your lifestyle constraints. At its heart lies an arsenal of 2100 battle-tested prompts categorized by industry and demographic needs. These aren't generic templates; they're precision-engineered tools transforming ChatGPT and Claude into your personal workforce. From healthcare practitioners needing HIPAA-compliant content to pet entrepreneurs dominating Instagram, every prompt delivers immediate monetizable results. Through detailed case studies, you'll witness actual people, not gurus, building sustainable AI businesses. Meet the seventy-year-old launching an AI consulting firm, the exhausted mom
