**Hands-On APIs for AI and Data Science** Ryan Day, 2025-03-04 To succeed in AI and data science you must first master APIs. API skills are essential for AI and data science success. With this practical book, data scientists and software developers will gain hands-on experience developing and using APIs with the Python programming language and popular frameworks like FastAPI and StreamLit. Part 1 takes you step by step through coding projects to build APIs using Python and FastAPI and deploy them in the cloud. Part 2 teaches you to consume APIs in a data science project using industry standard tools. And in Part 3 you'll use ChatGPT, the LangChain framework and other tools to access your APIs with generative AI and large language models (LLMs). As you complete the chapters in the book you'll be creating a professional online portfolio demonstrating your new skill with APIs, AI and data science. You'll learn how to Design APIs that data scientists and AIs love. Develop APIs using Python and FastAPI. Deploy APIs using multiple cloud providers. Create data science projects such as visualizations and models using APIs as a data source. Access APIs using generative AI and LLMs. Author Ryan Day is a data scientist in the financial services industry and an open source developer.
