terms This isn't a book about fearing AI or fighting against it. It's a guide providing practical support for the questions families are already wrestling with at home. From strengthening app privacy settings to helping kids think critically about AI-generated responses, AI for Families offers clear explanations, historical context, and actionable solutions that put families in control of decisions based on their individual values, beliefs, and needs. Whether navigating a teenager grappling with AI essay support and academic integrity, a middle schooler experimenting with homework help, or families advocating for thoughtful school policies, AI for Families is a roadmap for working through all of these decisions together. Most importantly, AI for Families is about embracing the deeply human traits of curiosity, creativity, empathy, and connection that will serve children well into the future. The goal isn't competing with AI but raising kids who can work alongside new technology while owning and celebrating what makes us uniquely human. This might just be the moment where families get to come together, celebrate our collective humanity, and take ownership of the technology that can guide us toward greater discoveries and a better world. We just need to start talking and claiming this future as our own.

Step Into STEAM, Grades PreK-5 Sarah B. Bush, Kristin L. Cook, 2024-10-18. Create innovative and equitable experiences that prepare your learners for the future. STEAM education is crucial for preparing learners to meet the demands of a rapidly evolving world. Not every learner is going to pursue a STEAM-related career, but each and every learner needs to be challenged with opportunities to transfer what they are learning in mathematics and science instruction to seek solutions to the complex problems of today and to meet our future world head-on. In this Second Edition of Step Into STEAM, authors Sarah Bush and Kristin Cook guide and inspire PreK-5 educators through a seamless process of designing and implementing STEAM inquiries that align precisely to key mathematics and science content and practices all while meeting the demands of guiding assessments. Going far beyond a collection of STEAM activities, this book shows educators as well as school and district leaders how to build a STEAM ecosystem that can measurably improve every learner's mathematics and science achievement as well as engagement, belonging, and interest. What truly sets this book apart is its masterful integration of problem-based inquiry as the foundation for STEAM instruction. This updated edition expands on the latest research in STEAM education across PreK-5 in various educational settings. Incorporates strategies grounded in Universal Design for Learning to engage all learners. Provides updated STEAM resources aligned to the Integrated STEM Practices. Embeds actionable tips throughout each chapter that educators can implement immediately, in addition to suggestions for ongoing learning and growth for all. Offers an updated companion website with additional templates for brainstorming sessions or book studies, action plans, and checklists to help educators put their ideas into practice. This is an essential guide for educators looking to implement STEAM education in their classrooms and beyond. Step Into STEAM provides a comprehensive roadmap for cultivating the creativity, problem-solving abilities, resilience, and empathy that will empower the next generation of innovators, entrepreneurs, and global citizens. Make the most of your limited instructional time and become part of the Step Into STEAM journey.
