[Simply AI Prompts](#) Lex Cornell, 2025-09-16

Tired of getting confusing, generic, or useless results from AI? You are one step away from changing that forever. Artificial intelligence is the most powerful tool of our time, but getting it to understand what you truly want can feel like a frustrating game of chance. You know the potential is there to brainstorm groundbreaking ideas, solve complex problems, and accelerate your workflow. But when your prompts lead to dead ends, that potential remains locked away. It is not magic; it is a conversation. You just need to learn the language.

In **Simply AI Prompts**, technology educator and AI consultant Lex Cornell demystifies the art and science of talking to AI. This practical, beginner-friendly guide throws out the confusing technical jargon and provides a clear, step-by-step framework for getting exactly what you want every time. Inside this book, you will discover:

- The Three Pillars of a Perfect Prompt:** Master the simple, unforgettable framework of Goal, Context, and Instructions to build a powerful foundation for every AI conversation.
- How to Ask for Anything:** Get actionable scripts and formulas for requesting information, generating creative content, planning projects, and solving problems with precision.
- From Vague Ideas to Crystal Clear Results:** Learn the "Start with the End in Mind" technique to define your desired outcome before you even start typing, saving you time and frustration.
- The Power of Personas:** Unlock expert-level results by using the simple "Act as a command" to turn your AI into a world-class specialist in any field you need.
- Talking in Pictures and Beyond:** Apply the universal principles of AI communication to generate stunning images, audio, and more—even with no artistic experience.

Whether you are a professional aiming to boost productivity, a student looking to streamline research, or a curious learner eager to master the next wave of technology, this book is your essential guide.
