Actionable Ai Website Builder For Beginners:

Data Science For Dummies Lillian Pierson, 2021-09-15 Monetize your company's data and data science expertise without spending a fortune on hiring independent strategy consultants to help. What if there was one simple clear process for ensuring that all your company's data science projects achieve a high return on investment? What if you could validate your ideas for future data science projects and select the one idea that's most prime for achieving profitability while also moving your company closer to its business vision? There is. Industry acclaimed data science consultant Lillian Pierson shares her proprietary STAR Framework. A simple proven process for leading profit forming data science projects. Not sure what data science is yet? Don't worry. Parts 1 and 2 of Data Science For Dummies will get all the bases covered for you. And if you're already a data science expert, then you really won't want to miss the data science strategy and data monetization gems that are shared in Part 3 onward throughout this book. Data Science For Dummies demonstrates the only process you'll ever need to lead profitable data science projects. Secret reverse engineered data monetization tactics that no one's talking about. The shocking truth about how simple natural language processing can be. How to beat the crowd of data professionals by cultivating your own unique blend of data science expertise. Whether you're new to the data science field or already a decade in, you're sure to learn something new and incredibly valuable from Data Science For Dummies. Discover how to generate massive business wins from your company's data by picking up your copy today. [Microsoft Power Platform For Dummies](#)

Jack A. Hyman, 2024-12-24 Build business intelligence with insight from a professional Microsoft Power Platform For Dummies covers the essentials you need to know to get started with Microsoft Power Platform, the suite of business intelligence applications designed to make your enterprise work smarter and more efficiently. You'll get a handle on managing and reporting data with Power BI, building no-code apps with Power Apps, creating simple web properties with Power Pages, and simplifying your day-to-day work with Power Automate. Written by a business consultant who's helped some of the world's largest organizations adopt, manage, and get work done with Power Platform, this book gets you through your work without working too hard to figure things out. Discover the tools that come with Power Platform and how they can help you build business intelligence. Manage data, create apps, automate routine tasks, create web pages, and beyond. Learn the current best practices for launching Power Platform in an organization. Get step-by-step instructions for navigating the interface and setting up your tools. This is a great quick start guide for anyone who wants to leverage Power Platform's BI tools. [Social Media Marketing 2024, 2025](#)
