Apprentice Nation Ryan Craig, 2023-11-07 College isn't for everyone. It's time to challenge the status quo and embrace the potential of apprenticeships in tech, healthcare, finance, and more, which can provide a sustainable pathway to economic opportunity. For decades, college has been the only respectable way to access the world of work despite paralyzing tuition and a dire lack of practical skills that has left 40 percent of college graduates underemployed, unfulfilled, and struggling to repay student loan debt. Education and workforce expert Ryan Craig explores how a modern apprenticeship system will allow students and job seekers to jump start their careers by learning while they earn, ultimately leading to greater workforce diversity and geographic mobility. With a deep dive into the history behind America's outdated college system, Craig reveals the origins of the student debt crises and admissions scandals. Why apprenticeships are an effective pathway to career opportunity. What America can do to catch up with other nations making apprenticeship opportunities broadly available. Where students and job seekers can go to land an apprenticeship. Featuring a directory of US apprenticeship programs by industry and location. *Apprentice Nation* is an accessible blueprint for a country where young Americans of all backgrounds can launch careers in a variety of in-demand fields. With just a few common sense changes to education and workforce development, an apprentice nation will put the American Dream within reach for everyone.

Holding It Together Jessica Calarco, 2024-06-04: Other countries have social safety nets. The U.S. has women. *Holding It Together* chronicles the causes and dire consequences America runs on women—women who are tasked with holding society together at the seams and fixing it when things fall apart. In this tour de force, acclaimed Sociologist Jessica Calarco lays bare the devastating consequences of our status quo. *Holding It Together* draws on five years of research in which Calarco surveyed over 4,000 parents and conducted more than 400 hours of interviews with women who bear the brunt of our broken system. A widowed single mother struggles to patch together meager public benefits while working three jobs; an aunt is pushed into caring for her niece and nephew at age fifteen once their family is shattered by the opioid epidemic; a daughter becomes the backstop caregiver for her mother, her husband, and her child because of the perceived flexibility of her job; a well-to-do couple grapples with the moral dilemma of leaning on overworked, underpaid childcare providers to achieve their egalitarian ideals. Stories of grief and guilt abound. Yet they are more than individual tragedies. Tracing present-day policies back to their roots, Calarco reveals a systematic agreement to dismantle our country's social safety net and persuade citizens to accept precarity while women bear the brunt. She leads us to see women's labor as the reason we've gone so long without the support systems that our peer nations take for granted and how women's work maintains the

illusion that we don't need a net Weaving eye opening original research with revelatory sociological narrative Holding It Together is a bold call to demand the institutional change that each of us deserves and a warning about the perils of living without it *Fathers, Childbirth and Work* Colin Bell, Lorna McKee, Karen Priestley, 1983 Research report surveying men's attitudes to paternity leave in the UK based on an interview sample survey examines unpaid leave and paid leave arrangements the relationship between employment status and attitudes to family responsibilities and finds strong support for paternity leave includes a brief comparison of trends in other countries a literature survey and the research methodology Bibliography and questionnaire **Herald and Presbyter**, 1898 *The Biographical Cyclopedia of Representative Men of Maryland and District of Columbia*, 1878 **Negligence and Compensation Cases Annotated**, 1917 Current appellate decisions with supporting pleadings and approved instructions relating to the law of negligence generally with accompanying editorial comment cross references to additional sources and relevant case annotations The Garment Worker, 1926 The Congregationalist and Christian World, 1908 Finding Our Fathers Samuel Osherson, 2001 With a new Introduction by the author this seminal classic examines the hidden struggle faced by millions of men how to reconcile their childhood images of their fathers as silent stoic breadwinners with the life they want to live now *Reports of Cases Argued and Determined in the Supreme Court of Alabama* Alabama.
