The Introvert's Guide to Entrepreneurship Nate Nicholson, 2015-04-15. How an Introverted Entrepreneur Accidentally Discovered the Critical Effect of His Personality on His Business. If you are an introvert wishing to start a business I can't think of a worse way to mess it up than to completely disregard the effect of your personality on its success. In fact that's exactly how I messed up my business. I launched a venture suited for an extrovert not even once asking myself whether I could handle it with my deeply introverted nature. Would you like to avoid a major screw up and start a business that fits your personality? Don't reply. I know your answer. I wrote this book to help you avoid the mistakes I made and teach you the proper way to start a business as an introvert. I will share with you the lessons and observations every introverted businessperson should consider before pursuing a new venture. If you skip this step chances are that your business will fail much sooner than you think and the only person at fault would be you. I was there and let me tell you it ain't pretty. Let me help you learn how to make the most out of your strengths to start a successful introvert friendly business. Here are just some of the things you will learn from the book: your 5 main strengths to help you become an entrepreneur. Just one of these strengths is more potent than any other business skill yet you're probably not aware of it. Chapter 1: your 5 most harmful weaknesses that can affect your business.
