What Are Ai Image Generator For Us Audience:

The Starving Artist Myth Mark J. Jones, 2024-08-20 Creative sector jobs are driving our economy and offer a viable career path for today's youth. Careers and business opportunities in creative industries offer flexibility, variety, and security. Why then do people hesitate to go into them? A belief in the myth of the starving artist, which conjures images of penniless writers and artistic bohemians, is to blame. The myth leads many away from choosing a path they would love in favour of more traditional fields. Years later, they may come to regret that choice. Mark J. Jones shows that the persistent stereotype of the starving artist is not just costing youth and working-aged people the opportunity to explore satisfying careers; it could also cost Canada's economy in lost opportunities. Through education and entrepreneurial strategy, artists, musicians, writers, media makers, designers, actors, and others can come to understand how to reach audiences and customers in a global market. In *The Starving Artist Myth*, Jones erases any remaining doubt about the opportunities in the creative economy by getting at the origin of the starving artist stereotype, demonstrating the economic resiliency of the sector and delving into the strategies for achieving career success.

Principles of Strategic Communication Derina Holtzhausen, Jami Fullerton, Bobbi Kay Lewis, 2025-10-31 Now in a second edition, this book introduces students to the theories of strategic communication and their application to everyday practice. Key updates to the second edition include the use of artificial intelligence in the practice of strategic communication and a focus on health communication and crisis communication in the wake of a global pandemic, personal branding, social responsibility in an era of disinformation, and the addition of models for ethical decision making. It also features a completely updated chapter on new media and media metrics. Each chapter includes introductory learning outcomes, updated case studies, a career profile of a current practitioner, end-of-chapter discussion questions, and boxes that highlight theory and research, as well as the strategic communication industry insights. *Principles of Strategic Communication, Second Edition* is ideal as a core text for undergraduate students in strategic communication courses within media, communication, marketing, and advertising programs. The accompanying online resources feature chapter summaries, useful links to examples of strategic communication in action, suggested further reading, and sample test questions. Instructors will find an instructor's resource manual that includes sample syllabi, class activities, lecture topics, and a test bank. New to this edition are PowerPoint slides for each chapter.
