*Artificial Intelligence and Human Existence* Akanksha Srivastava, A.V. Senthil Kumar, Disha Maheshwari, Samrat Ray, 2025-12-22. Artificial Intelligence (AI) has become part and parcel of many aspects of our lives, impacting how we approach tasks and understand the world around us. This book recognizes the impact that Artificial Intelligence (AI) has on education, computer science and society. Taking an interdisciplinary approach, it looks at the positive and negative implications and delivers a comprehensive understanding of how the integration of AI is shaping the future of human existence. This book covers twelve topics that reveal the links between AI and humans. The topics range from the transformational role of technology in education to the ethical considerations surrounding AI's application, plus many more. Specifically, it investigates how AI algorithms are pushing the boundaries of inventions in computer science and driving innovations in human computer interaction and software development through themes such as Computer Science and Technological Frontiers. It also reflects on the societal impact of AI and offers tools to navigate the changing landscape of technology and humanity. With discussions on the latest advancements in AI and their implications for future innovations, readers of this book will learn of the ethical challenges posed by AI through in-depth analysis, including coverage of equity, privacy and algorithmic bias.

*Artificial Intelligence and Human Existence: Insights on Education, Technology and Society* is for researchers, educators, policymakers in the fields of human factors, human computer interaction and computer science, plus anyone interested in the links between AI and human society.

[Make Money From Faceless YouTube Automation MRR](#) By Khaled Baoween, 2024-04-17. Faceless YouTube Automation MRR appears to refer to a concept or a business model related to generating Monthly Recurring Revenue (MRR) through automated YouTube content creation or management without revealing the creator's identity or showing their face on the platform. This could involve various strategies such as Automated Content Creation (Using software or algorithms to generate and upload videos automatically based on certain criteria like trending topics, keywords or specific niches), Content Curation (Curating existing videos from other creators or sources and compiling them into thematic playlists or channels), Monetization Strategies (Implementing various monetization methods such as ads, sponsorships, affiliate

marketing or selling digital products services related to the content niche SEO and Marketing Automation Leveraging automation tools for search engine optimization SEO social media marketing and audience engagement to drive traffic and increase visibility Outsourcing and Delegation Hiring freelancers or virtual assistants to handle different aspects of content creation management and promotion The term faceless suggests that the creator prefers to remain anonymous or undisclosed possibly to avoid personal branding or to maintain privacy This approach allows focusing solely on the content and its profitability without associating it with a specific individual MRR or Monthly Recurring Revenue is a key metric for subscription based businesses indicating the predictable revenue generated from subscriptions or recurring payments on a monthly basis In the context of YouTube it could refer to the consistent revenue generated from ad monetization memberships or other recurring sources Combining automation with YouTube content creation can streamline processes scale operations and potentially generate passive income over time However it s essential to adhere to YouTube s policies and guidelines to ensure compliance and avoid penalties such as demonetization or account suspension
