don't know HTML, CSS, and JavaScript. Just describe what you want in plain English and let ChatGPT take care of the gnarly details. This book guides you step by step as you create user-friendly forms, interesting graphics, and interactive web pages using nothing but AI and your imagination. About the book: *Build a Website with ChatGPT* shows you how to make websites in an AI-first world, no experience required. You'll start with the basics of generating pages with ChatGPT, and by the end of the second chapter, your first site will be up and running. Author Paul McFedries then shows you how to add interesting text and graphics, forms for user input, and even custom CSS to give your pages some pizzazz. As you go, you'll expand your new AI skills to create photo galleries, portfolios, catalog pages, and more. What's inside: Writing effective prompts to create code, text, and graphics; Adding navigation bars, image galleries, and contact forms; Deploying your sites to the web for free; Adding your unique touches to AI-generated pages. About the reader: No experience with web development or programming required. If you can create a Word document, you can build a website. About the author: Paul McFedries has written over 100 books on web development and other technology topics, including *Web Design Playground* (Manning Publications).
