Short Introduction Nigel Warburton,2009-02-26 Voltaire s comment I disapprove of what you say but I will defend to the death your right to say it is frequently quoted by defenders of free speech Yet it is rare to find someone prepared to defend all freedom of speech especially if the views expressed are obnoxious or obviously false So where do the limits lie How important really is our right to freedom of speech Here Nigel Warburton offers a concise guide to the important questions facing modern society about free speech Should a civilized society set limits on the freedom of speech How can we square free speech with the sensitivities of religious and minority groups Does copyright law clash with our right to free speech And how have new technologies such as the Internet changed the debate This Very Short Introduction is a thought provoking accessible and up to date examination of the liberal assumption that free speech is worth preserving at any cost *Legal Periodical Digest of Current Articles Involving Research in All Law Periodicals Published in the English Language ...* ,1932

Readings in the Philosophy of Law John Arthur,William H. Shaw,2010 This anthology of classical and contemporary philosophical essays and legal cases focuses on legal philosophy as its own subject rather than as merely a topic in applied ethics or an aspect of social political philosophy The essays within this reader focus on the different aspects and areas of law and the particular philosophical issues that they raises The book requires students to think through actual debates many of them still currently in the courts **The New Statesman and Nation** ,1938 **Suing the Press** Rodney A. Smolla,1987 From Carol Burnett vs The National Enquirer to William Westmoreland vs CBS lawsuits against the media have made their own headlines in recent years This spirited account offers a close look at these attacks on the press and what they reveal about American culture the legal system and libel law and the way the press operates Why Rodney Smolla asks have so many people people as various as Ralph Nader Clint Eastwood Lillian Hellman and Jerry Falwell taken to suing the press Are they mainly interested in money vengeance or the restoration of honor Is the press under fire because it has grown too arrogant Are Americans becoming too thin skinned too devoted to self image How important is the protection of reputation and privacy in American society To shed light on these and other issues Smolla examines both individual lawsuits and broader themes involving the economics of media litigation the cultural forces that affect libel judgments and the special problems posed by particular types of expression such as fictional works The media outlets discussed are as varied as the personalities initiating the suits from The Washington Post and The New York Times to Penthouse and Hustler Always lively and provocative this book reveals much about the media s shortcomings and virtues as well as the American character itself
