Learning for Uncertainty G. Williamson McDiarmid,Yong Zhao,2022-01-31 Learning for Uncertainty explores technology s role in education specifically unpacking the question How should educators prepare today s children for a world that has yet to be made As technology evolves faster than our capacity to fully understand the social cultural economic and moral implications of many innovations today s educators are tasked with the

unique role of preparing students to capitalize on technology's opportunities and also mitigate its dangers to their society to democratic processes and to institutions. Veteran educators McDiarmid and Zhao explore the implications of emerging technologies for future jobs, organizations, students, and learning, covering topics such as The future of work and workers as technology eliminates some industries while creating new ones, Potential futures both bright and dark awaiting students, The qualities, dispositions, social behaviors, and skills that are likely to advantage students in the future, The possibility of technology to revolutionize education in ways that will better position students for an uncertain future, How technology can free teachers from time and effort devoted to routine matters to instead assuming roles that are potentially more satisfying and supportive of their students' learning, Learning opportunities and educator roles that have the potential to bring about needed changes, Capitalizing on these uncertain times to rethink curriculum, pedagogy, opportunities to learn, and the organization of school, as well as the roles of students, educators, parents, and policymakers. This latest book in the Routledge Leading Change series is ideal reading for educators and policymakers in both P-12 and higher education interested in ensuring our education systems provide the experiences and learning opportunities necessary to cultivate the innovative, iconoclastic, and generative thinkers and creators needed for a future that nourishes the minds, bodies, and spirits of all.

Generations in the World of Work Corey Seemiller, Meghan Grace, 2024-12-30 *Generations in the World of Work* provides invaluable data, informed insights into the intergenerational dynamics in today's workplaces. Generational experts and authors of *Generation Z: A Century in the Making*, Corey Seemiller and Meghan Grace, present the perceptions, motivations, and preferences of various generational cohorts and share how those shape individual behaviors, communication, and collaboration, as well as wider organizational structures and norms. They offer guidance for how to maximize productivity and relationships to navigate dynamics across generational cohorts. *Generations in the World of Work* offers employees, managers, and organizational leaders guidance for maximizing productivity, relationships, wellbeing, and engagement across generational differences in order to create thriving workplaces that value and leverage each person's strengths. *The Routledge Companion to the Future of Management Research* David Crowther, Shahla Seifi, 2023-09-14 The management of organisations continues to evolve as new priorities emerge and new approaches are developed. Thus it is clear that research into business and management will also continue to evolve. This will be in terms of both what is researched and in terms of the techniques and methods used to conduct research. Such development will continue into the future and this book highlights evolving areas. It also suggests new topics which are emerging and new techniques to conduct such research, topics and techniques that will be of benefit to researchers. The unique focus on the future of research methods in management, the emergence of topics in contemporary management and sustainability research, and practices such as sustainability and circular economy will set this volume apart. With coverage of new and emerging subjects in management studies such as sustainability, zero carbon, green market, and circular economy, and the international collaboration with

contributors from all around the globe this major interdisciplinary reference volume will be of interest and great value to researchers academics and advanced students in the fields of business and management research and appropriate methodologies
