Slattery,2016-07-01 In recent years virtual teams have become a feature of most corporate workplaces yet few academic programs prepare students to work in virtual teams and few textbooks support the development of key skills for virtual teamwork The primary purpose of this book is to enable higher education students to participate in virtual teams with students from other institutions who potentially operate in different countries time zones and or cultures The book guides students through the process of working in virtual team projects for their classes and helps them to engage with the learning experiences and to respond to potential challenges The book is directed towards students within any of the following disciplines Business Information Technology Communication Studies and Engineering One section of the book also guides teachers through the process of organizing virtual team projects and explores the teacher teacher collaboration that is an inevitable consequence of organizing inter institutional student virtual team projects It provides advice for teachers on how to manage administrative challenges such as conflicting institutional schedules and grading mechanisms In addition it discusses research themes and data gathering and analysis techniques for teachers who wish to publish findings about the virtual team process and outcomes As well as students and teachers the book is also useful for researchers exploring any of the following themes Technology use in virtual teams Communication strategies and international communication in virtual teams Communities of learning e learning and virtual teams Challenges of virtual teamwork Planning a virtual team collaboration project and Gathering and analyzing data about virtual collaboration

Teaching and Learning in Virtual Space Sibylle Matern, Klaus Kreulich, 2023-09-20 Neue Formen der Kommunikation sowie kollaborative Lern- und Arbeitsmöglichkeiten mit virtueller Realität an Hochschulen sind Themen des Sammelbandes. Die Autorinnen untersuchen und diskutieren, wie die Digitalisierung und die Nutzung digitaler Medien das Lernverhalten und die Zusammenarbeit im Hochschulkontext beeinflussen. Wie interagieren Studierende und Lehrende in einer virtuellen Umgebung? Wie können Teams trotz räumlicher Trennung effektiv zusammenarbeiten? Welche Strukturen, Lernformate und didaktische Methoden brauchen Studierende und Lehrende, wenn sie nicht persönlich sondern online virtuell oder hybrid kommunizieren? Die Beiträge basieren auf Kollaborationsszenarien, die als Prototypen an der Hochschule für angewandte Wissenschaften München entwickelt und getestet wurden. Der Sammelband bietet Einblicke in aktuelle Forschungen und innovative Ansätze für die Nutzung virtueller Realität im Bildungs- und Arbeitsbereich. This anthology is concerned with new forms of communication as well as collaborative learning and working possibilities with virtual reality at universities. The authors examine and discuss how digitalisation and the use of digital media influence learning behaviour and collaboration in the university context. How do students and teachers interact in a virtual environment? How can teams work together effectively despite spatial separation? What structures, learning formats and didactic methods do students and teachers need when they communicate online virtually or hybrid rather than face to face? The contributions are based on collaboration scenarios that were developed and tested as prototypes at the Munich University of Applied Sciences. HM The anthology offers insights into current research and innovative approaches for the use of virtual reality in education and work.

Development and Management of Virtual Schools Catherine Cavanaugh, 2004-01-01 Virtual schools are a result of widespread changes in knowledge about learning, in available technology and in society. Virtual schooling is growing in popularity and will continue to attract students because of the benefits it offers over traditional schooling. Stakeholders in virtual schools need information to guide their decisions. For the foreseeable future, virtual schools will continue to meet diverse student needs and to evolve in response to further change. *Development and Management of Virtual Schools: Issues and Trends* brings together knowledge of virtual schools as a reference for scholars and other groups involved in virtual schools. The chapters review best practice from concept and development through implementation and evaluation.
