Handbook of Research on Digital Transformation, Industry Use Cases, and the Impact of Disruptive

Technologies Wynn, Martin George, 2021-10-15 Companies from various sectors of the economy are confronted with the new phenomenon of digital transformation and are faced with the challenge of formulating and implementing a company wide strategy to incorporate what are often viewed as disruptive technologies These technologies are sometimes associated with significant and extremely rapid change in some cases with even the replacement of established business models Many of these technologies have been deployed in unison by leading edge companies acting as the catalyst for significant process change and people skills enhancement The Handbook of Research on Digital Transformation Industry Use Cases and the Impact of Disruptive Technologies examines the phenomenon of digital transformation and the impact of disruptive technologies through the lens of industry case studies where different combinations of these new technologies have been deployed and incorporated into enterprise IT and business strategies Covering topics including chatbot implementation multinational companies cloud computing internet of things artificial intelligence big data and analytics immersive technologies and social media this book is essential for senior management IT managers technologists computer scientists cybersecurity analysts academicians researchers IT consultancies professors and students

Virtual Services in the Health Sciences Library Amanda R. Scull, 2022-05-15 Selected as a 2025 Doody's Core Title Virtual services have been part of health sciences libraries for a long time in various forms including the provision of reference and research services via email or chat availability of online instruction access to electronic materials and the curation of virtual research guides But when the COVID 19 pandemic forced many libraries to close their doors and pivot to virtual services almost overnight Moving all services remote even for just a short time did highlight what worked well and what did not The situation increased visibility of these services and made patrons more aware of what was available perhaps making them more likely to expect and use those services in the future In some ways the pandemic showed us ways in which virtual services could even be better than in person services for providing prompt patron services The situation increased visibility of existing services making users more aware of what was available and revealed gaps and needed improvements in virtual services In this book copublished by the Medical Library Association librarians from academic to hospital health sciences libraries from rural to urban areas and across a range of service specialties provide blueprints and best practices for building and maintaining sustainable virtual services in health sciences libraries Each chapter in this volume addresses aspects of providing virtual services in information and access services reference and instruction collections and clinical services written by contributors who have been involved in this work in their own libraries Whether you are just beginning an implementation assessing and refining current offerings or strategizing for sustainability and looking to the future this book will provide practical advice tools and considerations for maximizing user engagement and satisfaction with virtual library services and resources

The Complete Guide to Coaching at Work Perry Zeus, Suzanne Skiffington, 2000 Coaching has taken on a permanent role as a way of improving individual performance within an organization This book is for people interested in becoming coaches

within an organization and those already practicing It explains the skill and competencies required to be an outstanding coach at work The book clearly defines and explains the nature of coaching and how it works outlining the different theories and models to present a balanced objective perspective of the subject The authors show that coaching is an on going dialogue a collaboration between two individuals that encourages learning development and work performance improvement in the pursuit of skill development goals It can be adopted at any level in the workplace educational institution sporting arena or personal life The authors reveal what personal qualities are necessary in order to be a successful coach They discuss coaching and communication skills and show you how to set strategic goals and develop an action plan The book also analyzes the contribution of coaching to the processes of change and learning explaining the different styles of learning the importance of establishing a learning culture within an organization and the degree of self exploration necessary for the individual to achieve sustained behavioral change The authors also consider in greater detail three specific coaching areas coaching in call centers sales coaching and career coaching and explain the differences from other related occupations that are often associated with coaching such as consulting mentoring training and counseling and how all of them work together

The National Guide to Educational Credit for Training Programs American Council on Education,2005 Highlights over 6 000 educational programs offered by business labor unions schools training suppliers professional and voluntary associations and government agencies

Leading From Anywhere David Burkus,2021-01-05 Leading from Anywhere is the best book on remote work I ve ever read incisive original and eminently practical Read it and take notes Daniel H Pink author of When Drive and To Sell Is Human The ultimate guide to leading remote teams tackling the key challenges that managers face from hiring and onboarding new members from afar to building culture remotely tracking productivity communicating speedily and avoiding burnout It s undeniable that we re entering a new era of remote work While many leaders seek to run business as usual why settle for the usual when remote teams allow us to work even better The research shows that employees are more productive and engaged when they have the freedom to work from anywhere Which means leaders need the skills to lead from anywhere In this meticulously researched refreshingly practical book top business thought leader David Burkus provides managers with the field guide to leading remotely packed with everyday examples and illuminating insights Structured around the life cycle of working on a team Burkus tackles the key inflection points and challenges that remote managers face from taking the team remote and adding new members to communicating effectively and quickly managing performance keeping the team engaged and even helping them strike the right balance between work and life Leading from Anywhere provides everything you ll need to survive and thrive as the leader of a remote team something all leaders will need to consider themselves from now on
