**Economies of Gender** Julia H. Meszaros, 2025-10-14 *Economies of Gender Masculinity Mail Order Brides and Women s Labor* offers a provocative exploration of the international dating industry challenging simplistic narratives of human trafficking and scams while shedding light on the economic dynamics of gender Through twelve years of fieldwork the book delves into the motivations and experiences of men who seek relationships abroad driven by dissatisfaction with Western women who they believe no longer embody traditional femininity By examining romantic tourism hotspots such as Ukraine Colombia and the Philippines *Economies of Gender* reveals how these international settings serve as intimate frontiers where men seek to extract femininity capital and bolster their status It illuminates the often unseen economic underpinnings of relationships and questions how global gender dynamics shape desires fantasies and intimate markets Through its compelling analysis the book broadens the conversation on gender power and the commodification of intimacy in a globalized world

**Women Behind the Wheel** Nancy A. Nichols, 2024-03-05 From the adolescent thrill of getting a driver s license to the dreaded commutes of adulthood from vintage muscle cars to electric vehicles this groundbreaking book reveals the outsized impact the car has had and will continue to have on the lives of women Since their inception cars have defined American culture but until quite recently car histories were largely written by and about men with little attention given to the fascinating story of women and cars In this engaging non fiction narrative Nancy A Nichols the daughter of a used car salesman uses the cars her father sold and the ones her family drove to tell a larger story about how the car helped to define modern womanhood From her sister s classic Mustang to her mother s Chevy Convertible to her own Honda minivan Nichols tells a personal story in order to shed light on a universal one Cars helped women secure the right to vote changed the nature of romance and influenced both fashion and child rearing customs In the just over 100 years since their inception cars have created possibilities for commerce and romance even as they exposed women to new kinds of danger *Women Behind the Wheel* explores the uniquely gendered landscape of the automobile detailing the many reasons why cars are both more expensive and more dangerous for women drivers The automobile is on the cusp of momentous change As we advance into the era of electric connected and autonomous vehicles Nichols shows us why we should hit the brakes and look back in the rear view mirror at this long and fascinating history What is the role of the car in our lives Should we be more skeptical of technology in our society In *Women Behind the Wheel* Nichols argues convincingly that only by understanding the many ways the car has changed us can we hope to prepare ourselves for this brave new era *Zero to 100,000* Sarah-Jayne

Gratton, Dean Anthony Gratton, 2012 Introduces a easy low cost social media plan to create a social media stage to use as a promotional tool for your business and includes advice from five experts *Affiliate Marketing For Beginners* Tim Murphy, 2020-12-29 If you were to ask a random user of the Internet what he or she thought Affiliate Marketing was he or she would likely claim that it was a way of making money online as an intermediary Here people make a commission from a

sale or a referral when a visitor to his or her site clicks on a link that directs him or her to a product or page online. However, as much as there is a lot of truth there, Affiliate Marketing does not only have to take place online. For example, affiliate marketing is also where a plumber gives a client a discount for referring him or her to a new client. It is the same concept. This kind of marketing happens a lot in the real world, but people do not trace or coordinate it as much as is the case with online marketing. Business owners can ask their customers how they came to know about them in an effort to learn about their client base, but they cannot get as much information as they would be using online tracking. The growing online market has made this type of marketing more popular and profitable. It has also made it easier to grow and expand whatever type of business an individual is in with the help of numerous professional marketers who will not necessarily appear on their payroll. Therefore, while its history started long before the invention of the Internet, the Internet has transformed it and made it widely available to the masses. You will start by learning all about the ins and outs of affiliate marketing and what you need to get your feet wet in the marketing world. You will then learn about the importance of choosing the right niche and how to find one that will provide you with a sustainable passive income stream for years to come. From there, you will learn the key steps to creating a website that will attract the right type of users, as well as the importance of SEO and how to ensure that your new website shows up in as many different sets of search results as possible. Finally, you will learn just what it takes to create the type of quality content that ensures people keep coming back for more month after month and year after year. Every effort was made to ensure it is full of as much useful information as possible. Please enjoy.
