Supporting Really The Introvert s Guide to Success in Business and Leadership offers author Lisa Petrilli s experience and advice for overcoming some of the obstacles faced by introverts in networking interviewing leading and excelling in leadership positions Lisa discusses how introverted and extroverted leaders are both great in leadership and in business however introverts may struggle to reach the executive level In part introverts are less comfortable seeking the visibility required for company wide recognition In part discomfort with networking effectively and an uneasiness in asking for new opportunities creates fewer opportunities for recognition

EXCERPT FROM THE BOOK I smile inside when I mention to an extrovert that I m an introvert Before I finish the sentence the extrovert s face lights up and he or she begins what seems like a five minute one sided fun based fact bending rendition of how there is no way I m an introvert I listen and attempt to offer a few bytes of data to the conversation which brings merriment and another round of reasoning I hear as enthusiastic and watch as hand gestures Over the years I ve explained that introvert does not equate to shy and that I m simply better in one on one or small group relationships I wonder if this friend or coworker ever noticed that I am the one cooking or doing dishes at a friends and family gathering taking notes in a meeting or organizing requirements on development projects My husband an extrovert seems to understand although reluctantly because I talk a blue streak with him When he asks what I m thinking if I say nothing he smiles and says not
