Jordan, 2024-03-19 The meteoric rise of online video is reshaping the competition for human attention The Rise of the Algorithms argues that this new technology has changed the way we interact with others our relationships with public institutions and our very own behaviors and psyches In tracing the origins and evolution of online video John M Jordan examines the mechanics and the ethical stakes of online video platforms especially YouTube and TikTok but also others such as Twitch Tracing the use of algorithms pioneered by Facebook and Google and so successfully exploited by TikTok's corporate parent ByteDance Jordan shows how these platforms now engineer human behavior with consequences for culture politics and identity Jordan argues that we are at an inflection point Until now we have proved as a society ill prepared or unwilling to address such problems as the power of digital platforms the personal cost of viral celebrity the invasion of privacy and the proliferation of disinformation The Rise of the Algorithms combines this urgent assessment with a clear eyed discussion of present challenges and recommendations for reclaiming our online futures A valuable resource for understanding the transformations that have been and will be brought by YouTube TikTok and similar platforms Jordan's timely book is a vital work for anyone who uses the internet and especially for policy makers technologists communication and media specialists and researchers who have a direct hand in determining the future of our online world     **Delusive Speech in the Sharing Economy** Julie Reid, 2025-03-04 In this examination of how the rise of online sharing economy platforms has facilitated online crime this book shows how while marketed as trustworthy peer to peer services these platforms are highly vulnerable to misuse by scammers and are used for the dissemination of delusive speech The analysis centres around the concept of delusive speech a sub set of disinformation designed to deceive and motivate by criminal intent Looking beyond the economic and disruptive impacts of sharing economy platforms like Uber Airbnb and others this book situates these Big Tech giants as mass communication channels that are frequently misused by bad actors to distribute

dangerous content globally Drawing from over 600 cases of victims lured into scams or physical danger via misleading Airbnb listings the book provides a detailed case study exposing Airbnb s failure to establish legitimate safety measures despite branding its platform as a community of trust Incorporating netnography and thematic analysis the author theorises the deceptive semiotic structure of delusive speech and evaluates practical mechanisms Airbnb could employ to prevent scams and crime on its platform With a global audience including researchers in communication and media studies digital media and media industries as well as tech journalists Silicon Valley critics policymakers and digital rights advocates this book unmasks how sharing economy giants like Airbnb contribute to an epidemic of online deception causing real world harm
