Learning Experience Design Essentials Cara North, 2023-07-11

Design Learning Experiences

Not Events

Learning Experience Design Essentials explores how new instructional designers and those looking to build their skills and align their function to the business can blend content and context to elevate learning experiences

Expert Cara North maps out the skills and capabilities that define the work learning experience design

LXD professionals do

Cara lays out an LXD process to guide readers in creating effective experiences

It includes the all important task analysis to understand the shoes your learners walk in while performing at work

Other steps include creating assessments conducting usability testing and messaging the why behind the learning experience

Traditional instructional design places undue emphasis on dumping training content on learners through a combination of information media and technology

What s missing is the context of how learning happens and the understanding that learning is a process not a one time event

This book will help you craft a 30 60 90 day plan to apply the concepts throughout

By the end
