Model Context Protocol Niladri Sen, Mehul Gupta, 2025-06-07 Model Context Protocol Advanced AI Agents for Beginners A beginner friendly guide to one of the most important shifts happening in AI right now This book is for anyone who s ever looked at ChatGPT and thought Cool but can it actually do stuff for me Like not just chat Actually take over tasks run your software automate your day That s where something called the Model Context Protocol MCP comes in It s a lightweight system that lets AI take control of tools you already use think Figma Excel WhatsApp even Blender without needing to write a single line of code Yep No Python No APIs Just set it up and let the AI get to work Inside you ll get a hands on intro to how MCP works why people are calling it the engine of AI Agents 2 0 and how to start using it right now You ll learn how to set up over 20 different MCP servers step by step even if you ve never touched code in your life The idea is simple help you automate the boring stuff and get ready for how AI is going to reshape everything from workflows and software to the way we think about work itself Want AI to build a PowerPoint for you Sort through Excel sheets Post on LinkedIn Design in Figma This book shows you how to do all that without lifting a finger Want a free PDF copy Just email your Kindle transaction details to datasciencepocket@gmail.com and I ll send one over What s inside We ll start from the ground up What exactly is generative AI Where do LLMs fit in And what s so different about AI agents compared to regular chatbots From there we ll dive into

MCP how it works why it matters and how it connects to tools you already use You ll also learn how to wire it up with services like LangChain Zapier or even run it locally with Ollama and other open source LLMs And yep we ll talk about the risks too This isn t some hyped up fantasy If you re going to work with autonomous AI it s worth understanding what could go wrong and how to stay in control Who s this for Honestly Anyone even a little bit curious about AI Developers designers analysts students marketers researchers it doesn t matter If you ve ever said Ugh I wish AI could just do this for me this book is a great starting point And since it s all no code you don t need to be technical If you can follow instructions you re good A few things you ll learn What AI agents actually are and why they re more than just smarter chatbots How the Model Context Protocol works under the hood Step by step walkthroughs for setting up AI control over Excel WhatsApp Notion GitHub SQL Google Docs Docker Figma PowerPoint and more Creating your own MCP Server using it with LangChain and Ollama and other customizations What to watch out for yes the risks are real And where all this is probably headed over the next few years Bonus You can read the first chapter for free using the Kindle app no Kindle device needed Just open it on your phone or tablet and dive in

Mastering Gmail Cornell C Greg, 2025-10-15 Have you ever felt overwhelmed by your inbox Do you open Gmail and instantly get lost in a flood of unread messages missed follow ups and endless notifications You re not alone and that s exactly why this book exists What if your inbox could actually work for you instead of against you Imagine logging into Gmail and instantly seeing what matters most no clutter no confusion no wasted minutes scrolling That s what Mastering Gmail helps you achieve This book isn t just another how to manual It s a complete transformation of how you think about email Whether you re a student professional business owner or someone who simply wants control over their communication this book walks you through every layer of Gmail from setup to the most advanced AI powered features Let s ask a few questions Do you really know what happens behind the scenes when Gmail filters your emails into Primary Social and Promotions tabs Have you ever explored the hidden automation tools filters and labels that can sort your inbox without lifting a finger Are you using Smart Compose Smart Reply and Nudges to their full potential or are you letting artificial intelligence stay idle while you manually type every response Do you know how to use Gmail offline across multiple devices or even for your business domain under Google Workspace And most importantly how much time could you save each day if you truly mastered every productivity trick Gmail has to offer In Mastering Gmail Cornell C Greg doesn t just tell you what buttons to click he challenges you to reimagine email as a productivity engine You ll discover how to integrate Gmail seamlessly with Google Calendar Keep Tasks Chat and Meet turning your inbox into a complete communication hub You ll learn how to Write smarter faster and clearer emails using professional formatting and tone guidelines Secure your account with advanced settings like two factor authentication and phishing detection Automate repetitive tasks with filters rules and integrations using Google Apps Script and Zapier Recover lost or deleted emails manage spam effectively and maintain complete privacy control Harness AI tools that prioritize your messages predict your responses and keep you focused on what really matters

But that's not all this book takes you far beyond the basics. It introduces you to Gmail as part of a larger digital ecosystem that includes automation, collaboration, and intelligent organization. You'll explore how Gmail is evolving in the age of AI and what that means for the future of personal and professional communication. So let's get real: are you managing your email, or is it managing you? Do you start your day feeling productive, or do you waste time searching, scrolling, and stressing? What if, by mastering Gmail, you could regain not just control of your inbox but control of your time? This is your chance to finally stop surviving your inbox and start mastering it. Whether you're a complete beginner or a power user, this book will make you rethink everything you thought you knew about Gmail. You'll move from chaos to clarity, from confusion to confidence, and from inbox overload to email mastery. It's time to take charge of your communication. It's time to master Gmail.

AI Guide for Beginners Tigran Voskanyan, 2025-05-31. Comes with access to your personalized companion course. A digital prompt book beta access to my upcoming book. No fluff. No jargon. No ethics committee. Just action. Join the AI revolution with straight-to-the-point guided activities. From beginner to AI whisperer in just 4 days, your first step in a practical 21-day challenge to earn passive income with AI. No tech degree required. AI has already made its way in, and it's not just knocking anymore. You're about to find out how to use artificial intelligence to give yourself a huge and almost unfair advantage. It's not about learning AI; it's about getting good at the prompts that make it do what you want. This is your AI guide for beginners, the non-negotiable first step in a 21-day mission to make AI money and AI income your new reality. This is Book I. Forget information overload; this is a 4-day guided detonation of your old assumptions and limitations. This Book I is your invitation to the first 4 days of a practical 21-day challenge designed to get you generating passive income with AI. This is what you can expect: straightforward, practical, and no nonsense. Day 1: Your brain. Now AI. Could it be that the thing stopping you from mastering AI is simply yourself? Expect and prepare for an upgrade. It's not just about algorithms; it's about changing your basic mindset. Day 2: They lied to you about AI. Find out the secrets they wish you, the AI beginner, didn't know. Day 3: Spells that work. Even when they shouldn't. This is where you learn the forbidden language of AI prompts, the kind of prompt engineering that feels like you've found a cheat code for reality. Use AI tools so well that they'll appear to know what you want before you do. On Day 4, your brain will start to leak. You're about to see AI in action, and your idea of what's possible will be broken and rebuilt into something much greater. You'll find out how to turn AI into your own AI assistant, which can handle everything from research to creating content. And that's just scratching the surface; you'll see how these foundational skills become your launchpad if you're figuring out how to start an online business using your new AI assistant for early-stage AI marketing insights or streamlining the creation of a compelling business plan. This isn't about working harder; it's about applying smart money principles, giving you the ultimate edge in truly understanding the pathways to sustained cashflow and how to actually build a business in the new economy. This is the foundation, the essential toolkit you need before you can even think about building a passive income with AI or launching that revolutionary AI business. But I'm not tech-savvy enough.

Great Tech savvy people often overcomplicate This is AI for beginners designed for humans not robots If you can write an email you can use this guide to control AI Can I really use AI to earn money This book is the ignition key It gives you the basics and the necessary skills for any AI income strategy Books II III in the 21 Days to Make Money with AI series build directly on this guiding you to create your passive income engine towards financial freedom However without this first step Good Luck This is Book I of a 3 part series This is where you can start using AI for business profit a smarter side hustle or simply to prepare for the future
