Optimal Physical Activity across the Lifespan for People of All Abilities Ronald F. Zernicke ,David Arthur Hart, Humans evolved to be mobile within the boundary conditions of Earth and many biological and physiologic systems depend on mechanical loading to maintain integrity during growth and maturation during skeletal maturity and during the aging process These systems subscribe to the use it or lose it principle and thus require continual use to maintain integrity Given that premise considerable basic and clinical research efforts have been directed at optimizing the effectiveness and positive impact of exercise on sports performance and the well being of those with intact systems However those with disabilities or compromised abilities also benefit from exercise protocols and there exists a need to focus attention on these populations as well Given the myriad of biological and physiological systems that benefit from exercise and mechanical loading there is a need for all humans of varying abilities to not only maintain the integrity of their health but to attempt to optimize it recognizing that optimizing each person's health across the stages of the life cycle may require different exercise protocols dependent on stage of life sex genetics and other individualized variables For those with physical disabilities embracing and maintaining such exercise protocols may be challenging but expanded research translation of findings and integration of the outcomes into everyday life to enhance the health and well being of this significant population are needed going forward

principle has shaped Kuaishou's role as a pioneer in the global short video industry technology must be available for all enabling every life to be seen. Rather than focusing on the latest hot topic or celebrity publicity stunt, Kuaishou opens a window onto numerous unique lives, always striving to ensure equitable access to those who have been digitally underserved or neglected. And the dynamic community ecosystem that Kuaishou has developed is exemplified by thirty stories powerfully recounted in this book. From a tile salesman turned fruit farmer to a teacher of Excel, from an octopus fisherman to a road roller manufacturer, and from mountain village craftsmen to a singer of folk opera, all are reaching their audience and in many cases achieving financial success by regular livestreaming through the Kuaishou app. THE KUAISHOU WAY reveals the secrets to the company's remarkable success: recognizing short video as the ideal medium to record and share one's life; providing creators with sophisticated tools to optimize video quality; encouraging authenticity in video content to build audience trust and loyalty; developing secure state-of-the-art e-commerce services that are made available to all users using cutting-edge AI technology to match viewers with content in a fair and equitable manner. Available for the first time in English, THE KUAISHOU WAY speaks to why Kuaishou remains unique among social media platforms but also provides leadership lessons for all centered around the customer-obsessed focus of co-founder and CEO Su Hua to enhance every person's unique sense of happiness.
