Actionable Work From Home Jobs Guide For Men:

Gender Equality and Work-Life Balance Sarah Blithe, 2015-06-05 Pressure to achieve work life balance has recently become a significant part of the cultural fabric of working life in United States A very few privileged employees tout their ability to find balance between their careers and the rest of their lives but most employees face considerable organizational and economic constraints which hamper their ability to maintain a reasonable balance between paid work and other life aspects and it is not only women who struggle Increasingly men find it difficult to do it all Women have long noted the near impossibility of balancing multiple roles but it is only recently that men have been encouraged to see themselves beyond their breadwinner selves Gender Equality and Work Life Balance describes the work life practices of men in the United States The purpose is to increase gender equality at work for all employees With a focus on leave policy inequalities this book argues that men experience a phenomenon called the glass handcuffs which prevents them from leaving work to participate fully in their families homes and other life events highlighting the cultural institutional organizational and occupational conditions which make gender equality in work life policy usage difficult This social justice book ultimately draws conclusions about how to minimize inequalities at work Gender Equality and Work Life Balance is unique as it laces together some theoretical concepts which have little previous association including entrepreneurialism leave policy occupational identity and the economic necessities of families This book will therefore be of particular interest to researchers and academics alike in the disciplines of Gender studies Human Resource Management Employment Relations Sociology and Cultural Studies

How the Future Works Brian Elliott, Sheela Subramanian, Helen Kupp, 2022-05-17 Wall Street Journal Publishers Weekly and USA Today Bestseller Unlock the power of flexible work with this practical how to guide from the leadership of Slack and Future Forum The way we work has changed The era of toiling from nine to five five days a week in the office is now a relic of the past and is being replaced by a better way flexible work But flexibility means a lot more than a day or two a week to work from home 93% of your employees want more flexibility in when not just where they work They want choice and they are leaving their roles to find it The most successful leaders will go much further than offering occasional remote workdays they will redesign every aspect of how work gets done from defining how they measure organizational success to training their managers to make it happen How the Future Works Leading Flexible Teams to Do The Best Work of Their Lives offers a blueprint for using flexible work to unlock the potential of your people The book offers the steps necessary to building the new principles and guardrails to empower flexible high performing teams And it teaches readers to lead with purpose to manage and measure differently and to believe that by letting go they ll get more back than they thought possible How the Future Works explains how to Establish leadership principles commitments and outcomes for truly flexible teamwork Measure and assess productivity in a flexible workplace Reskill managers to ensure a level playing field for all employees Implement the infrastructure necessary to make flexible work successful Using original research from Future
