A Sleepwalker's Guide to Social Media Tony D. Sampson, 2020-07-09 Positing online users as sleepwalkers Tony Sampson offers an original and compelling approach for understanding how social media platforms produce subjectivities Drawing on a wide range of theorists including A N Whitehead and Gabriel Tarde he provides tools to track his sleepwalker through the dark refrain of social media a refrain that spreads through viral platform architectures with a staccato like repetition of shock events rumours conspiracy misinformation big lies search engine weaponization data voids populist strongmen immune system failures and far right hate speech Sampson s sleepwalker is not a pre programmed smartphone junkie but a conceptual personae intended to dodge capture by data doubles and lookalikes Sleepwalkers are neither asleep nor wide awake they are a liminal experimentation in collective mimicry and self other relationality Their purpose is to stir up a new kind of community that emerges from the potentialities of revolutionary contagion At a time in which social media is influencing more people than ever A Sleepwalker s Guide to Social Media is an important reference for students and scholars of media theory digital media and social media

Choice ,2007

Africa 2.0 Russell Southwood, 2022-07-12 Africa wired up provides an important history of how two technologies mobile calling and internet were made available to millions of Sub Saharan Africans and the impact they have had on their lives The book deals with the political challenges of liberalization and privatization that needed to be in place to get these technologies built It analyses how the mobile phone fundamentally changed communications in Sub Saharan Africa and the ways Africans have made these technologies part of their lives It examines critically the technologies impact on development practices and the key role development actors played in accelerating things like regulatory reform fibre roll out and mobile money The book considers how corruption in the industry is a prism through which patronage relationships in Government can be understood The arrival of a start up ecosystem has the potential to break these relationships and offer a new wave of investment opportunities The author seeks to go beyond the hype to make a provisional assessment of the kinds of changes that have happened over three decades It examines how and why these technologies became transformative and seem to have opened out a very different future for Sub Saharan Africa
