How To Choose Remote Work Productivity Tips Near Me:

Managing People in Changing Organizations Graeme Martin, 2024-09-03 Managing People in Changing Organizations addresses the contemporary problems faced by managers in dealing with people organizations and change in a theoretically informed and practical way. It does so by drawing on classic studies in management up to date research including the author's own case studies and reflective exercises. This textbook approaches people management and organizational development from the perspective of practising and aspiring managers making it a valuable alternative to existing texts on organizational behaviour change management and human resource management. This third edition incorporates new research and recent changes in technology including artificial intelligence work and job design and additional insights into innovation corporate governance and sustainability. Built around a chapter framework that connects different themes to managerial action and practices, this textbook covers a wide range of topics including managing at the individual group and organizational levels, culture change, managing internationally, reputation management, managing creativity and innovation, and corporate governance, corporate social responsibility and sustainability. There is an increased international flavour reflected in the range of contemporary case studies and literature used throughout which explore business and management problems in the private and public sectors. The content also reflects the author's recent experience of consulting and managing at board level. This text will be relevant to practising and aspiring managers studying leadership, people management, organizational behaviour and development and change management on courses at later stage undergraduate, masters, doctoral and executive education levels.

Remote Work Technology Henry Kurkowski, 2021-09-08 Your small business survival guide for the remote work environment. In *Remote Work Technology: Keeping Your Small Business Thriving From Anywhere*, experienced SaaS and telecommunications entrepreneur Henry Kurkowski delivers a step by step walkthrough for using SaaS technology and communication apps to power your small business from anywhere on the planet. You'll learn how to capitalize on the ability to hire a geographically distributed workforce and excel at serving clients at a distance. You'll also discover why and how you need to alter your approach to management and spot the common pitfalls that litter the way to a truly distributed business. This important book includes valuable case studies of businesses that embraced the reality of remote working during and after the COVID 19 pandemic and cautionary tales of unexpected challenges that arose during the transition. Discussions of how to incorporate remote workers into efficient workflows to increase your business productivity. Explorations of how to support your employees when you can't just pop into their office. Perfect for small business founders, owners and managers. *Remote Work Technology* is also a must read guide for independent contractors who work directly with small businesses and entrepreneurs.

Remote Working Alan Felstead, 2022-01-20 The coronavirus pandemic forced work back into the home on a massive scale. The long held belief that work and home are separate spheres of economic life was turned on its head overnight. Many employees were new to this

way of working and many employers had to manage a disparate workforce for the first time This book reviews what impact this shift had on the lives of millions of employees the organisations which employ them and the societies in which they live It also looks to a future in which more work is carried out remotely at home in the local caf restaurant or bar or while moving from place to place The book synthesises the existing evidence in an accessible and easy to read way It will appeal to all those who want a quick and concise introduction to the major themes associated with remote and hybrid working This will include teachers lecturers students academics and policy makers as well as those who have experienced the challenges and benefits of homeworking first hand
