Church Confronts Modernity Catholic Intellectuals And The Progressive Era:

The Church Confronts Modernity Thomas E. Woods Jr., 2004-06-02 As the twentieth century opened American intellectuals grew increasingly sympathetic to Pragmatism and empirical methods in the social sciences The Progressive program as a whole in the form of Pragmatism education modern sociology and nationalism seemed to be in agreement on one thing everything was in flux The dogma and absolute truth of the Church were archaisms unsuited to modern American citizenship and at odds with the new public philosophy being forged by such intellectuals as John Dewey William James and the New Republic magazine Catholics saw this new public philosophy as at least partly an attack on them Focusing on the Catholic intellectual critique of modernity during the period immediately before and after the turn of the twentieth century this provocative and original book examines how the Catholic Church attempted to retain its identity in an age of pluralism It shows a Church fundamentally united on major issues quite unlike the present day Catholic Church which has been the site of a low intensity civil war since the close of the Second Vatican Council in 1965 Defenders of the faith opposed James Dewey and other representatives of Pragmatism as it played out in ethics education and nationalism Their goals were to found an economic and political philosophy based on natural law to appropriate what good they could find in Progressivism to the benefit of the Church and to make America a Catholic country The Church Confronts Modernity explores how the decidedly nonpluralistic institution of Christianity responded to an increasingly pluralistic intellectual environment In a culture whose chief value was pluralism they insisted on the uniqueness of the Church and the need for making value judgments based on what they considered a sound philosophy of humanity In neither capitulating to the new creed nor retreating into a self righteous isolation American Catholic intellectuals thus laid the groundwork for a half century of intellectual vitality

American Christianities Catherine A. Brekus, W. Clark Gilpin, 2011-12-01 From the founding of the first colonies until the present the influence of Christianity as the dominant faith in American society has extended far beyond church pews into the wider culture Yet at the same time Christians in the United States have disagreed sharply about the meaning of their shared tradition and divided by denominational affiliation race and ethnicity they have taken stances on every side of contested public issues from slavery to women's rights This volume of twenty two original essays contributed by a group of prominent thinkers in American religious studies provides a sophisticated understanding of both the diversity and the alliances among Christianities in the United States and the influences that have shaped churches and the nation in reciprocal ways American Christianities explores this paradoxical dynamic of dominance and diversity that are the true marks of a faith too often perceived as homogeneous and monolithic Contributors Catherine L Albanese University of California Santa Barbara James B Bennett Santa Clara University Edith Blumhofer Wheaton College Ann Braude Harvard Divinity School Catherine A Brekus University of Chicago Divinity School Kristina Bross Purdue University Rebecca L Davis University of Delaware Curtis J Evans University of Chicago Divinity School Tracy Fessenden Arizona State University Kathleen Flake Vanderbilt University

Divinity School W Clark Gilpin University of Chicago Divinity School Stewart M Hoover University of Colorado at Boulder Jeanne Halgren Kilde University of Minnesota David W Kling University of Miami Timothy S Lee Brite Divinity School Texas Christian University Dan McKanan Harvard Divinity School Michael D McNally Carleton College Mark A Noll University of Notre Dame Jon Pahl The Lutheran Theological Seminary at Philadelphia Sally M Promey Yale University Jon H Roberts Boston University Jonathan D Sarna Brandeis University

Founding Father Michael F. Lombardo, 2017-03-27 In *Founding Father* Michael F Lombardo provides the first critical biography of John J Wynne S J 1859 1948 One of the most prominent American Catholic intellectuals of the early twentieth century Wynne was founding editor of the Catholic Encyclopedia 1907 and the Jesuit periodical America 1909 and served as vice postulator for the canonization causes of the first American saints the Jesuit Martyrs of North America and Kateri Tekakwitha Lombardo uses theological inculturation to explore the ways in which Wynne used his publications to negotiate American Catholic citizenship during the Progressive Era He concludes that Wynne s legacy was part of a flowering of early twentieth century American Catholic intellectual thought that made him a key forerunner to the mid century Catholic Revival

Christianity and Intellectual Inquiry Douglas Jacobsen, Douglas Gordon Jacobsen, Rhonda Hustedt Jacobsen, 2025 *Christianity and Intellectual Inquiry* examines the many ways that Christians past and present have tried to make sense of themselves and the world around them weaving together an intellectual and epistemological history of Christianity in America The book introduces the concept of pilgrimage as a metaphor that describes intellectual inquiry as an open ended search for truth that is in steady dialogue with others

American Nietzsche Jennifer Ratner-Rosenhagen, 2024-05-31 If you were looking for a philosopher likely to appeal to Americans Friedrich Nietzsche would be far from your first choice After all in his blazing career Nietzsche took aim at nearly all the foundations of modern American life Christian morality the Enlightenment faith in reason and the idea of human equality Despite that for more than a century Nietzsche has been a hugely popular and surprisingly influential figure in American thought and culture In *American Nietzsche* Jennifer Ratner Rosenhagen delves deeply into Nietzsche s philosophy and America s reception of it to tell the story of his curious appeal Beginning her account with Ralph Waldo Emerson whom the seventeen year old Nietzsche read fervently she shows how Nietzsche s ideas first burst on American shores at the turn of the twentieth century and how they continued alternately to invigorate and to shock Americans for the century to come She also delineates the broader intellectual and cultural contexts within which a wide array of commentators academic and armchair philosophers theologians and atheists romantic poets and hard nosed empiricists and political ideologues and apostates from the Left and the Right drew insight and inspiration from Nietzsche s claims for the death of God his challenge to universal truth and his insistence on the interpretive nature of all human thought and beliefs At the same time she explores how his image as an iconoclastic immoralist was put to work in American popular culture making Nietzsche an unlikely posthumous celebrity capable of inspiring both teenagers and scholars alike A penetrating examination of a powerful

but little explored undercurrent of twentieth century American thought and culture American Nietzsche dramatically recasts our understanding of American intellectual life and puts Nietzsche squarely at its heart **The Turn to Transcendence** Glenn Olsen, 2010-06 A bold and provocative assessment of the current prospects for religion in our culture Crossings and Dwellings Kyle B. Roberts, Stephen Schloesser, J.S., 2017-07-31 In Crossings and Dwellings Kyle Roberts and Stephen Schloesser S J bring together essays by eighteen scholars in one of the first volumes to explore the work and experiences of Jesuits and their women religious collaborators in North America over two centuries following the Jesuit Restoration Long dismissed as anti liberal anti nationalist and ultramontanist restored Jesuits and their women religious collaborators are revealed to provide a useful prism for looking at some of the most important topics in modern history immigration nativism urbanization imperialism secularization anti modernization racism feminism and sexual reproduction Approaching this broad range of topics from a variety of disciplinary perspectives this volume provides a valuable contribution to an understudied period American Catholic Studies ,2005 **THE BOOK OF THOMASES** Dr. Thomas Clough Daffern, 2018-03-10 This book is a unique compilation of thinkers and scholars and interesting intellectuals with the Christian name of Thomas Journal of American Studies ,2005 **The Catholic Biblical Quarterly** ,2007 Includes various reports of the Association Religion and American Culture ,2004 *Encyclopedia of Catholic Social Thought, Social Science, and Social Policy* Michael L. Coulter, Richard S. Myers, 2007 With more than 800 topics from over 300 contributors Encyclopedia of Catholic Social Thought Social Science and Social Policy is a comprehensive introduction to the Catholic vision of society social relations and the human being It combines theoretical work on important topics and scholarly disciplines e g economics moral theology natural law philosophy psychology social science perspectives on a variety of topics e g alcoholism and drug abuse forgiveness and mercy globalization and treatment of practical policy implications that flow from applying the Catholic religious moral and intellectual tradition to contemporary issues e g abortion assisted suicide immigration policy school choice torture The book reflects a broad range of Catholic thought that is international in scope but with an emphasis on the American situation Its interdisciplinary approach offers insights from a variety of perspectives theological philosophical historical economical sociological political psychological and legal The work will appeal to individuals who want a clear and accurate introduction to Catholic social thought and a Catholic informed social science and social policy One certainly need not be a devotee and advocate for Catholic social thinking to find this encyclopedia of good use as a handy reference tool *The Book Review Digest* ,2006 America, History and Life ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada *Program* Organization of American Historians. Meeting, 2005 **OAH Annual Meeting** Organization of American Historians. Meeting, 2005 **Encyclopedia of Religion in America** Charles H. Lippy, Peter W. Williams, 2010 Explores the origins development influence and interrelations of the many faiths practiced in North America including major world religions and emerging sects cults and movements
