Ciphercode Of Dishonor Aaron Burr An American Enigma:

Cipher/Code of Dishonor; Aaron Burr, an American Enigma Alan J. Clark, M.D., 2005-06-30 Trinity The Burrs versus Alexander Hamilton and the United States of America will be the first book to draw on unreported documents and genealogical information to reveal an unprecedented look into the relationships of Aaron Burr Alexander Hamilton Trinity Church Corporation and the Loyalists of Manhattan Island Author Alan J Clark shows in new perspective the battles and intrigues leading beyond the American Revolutionary War With the melding of genealogy and timeline analysis Clark examines some of the intriguing ciphered letters of Aaron Burr to his daughter Theodosia and looks again at Burr s curious and complex war time exploits to determine where his Loyalist tendencies actually began Clark further examines the land leases then traded prior during and after the war as speculation or possibly as rewards from the English Crown for services performed in its favor in the colonies primarily through the Corporation of Trinity Church The economics of early Manhattan and the Atlantic colonies were bolstered by the complex and secular behavior of the Corporation of Trinity Church acting as land bank for the Loyalists to the Throne of England Clark appears to fill in the gaps in many recently published tomes by delving deeper into the actions of Burr and Hamilton examining their extensive familial connections and behaviors to arrive at a complex web of intricacy bringing to life American History at its most personal level This book does not reiterate the well worn paths of American History Instead it brings a crisp new approach that makes sense of seemingly insignificant disjointed and inconsistent stories of the early history of our country

Cipher/Code of Dishonor; Aaron Burr, an American Enigma Alan J. Clark, Alan J. Clark M. D., 2005 While searching for the meaning of life an important opportunity will arise Change is inevitable but it will always catch you off guard This book reveals how deep the spiritual realm really is and how it affects our daily lives Contained within these page are many deep secrets of spiritual truth which have only recently been re discovered Other books of similar nature always tend to touch the surface of spiritual experimentation but fail to expose the facts But this book goes straight to the core to explain as much as possible And true to the guidelines of a non fiction novel it is 90% fact and only 10% fiction
