Story Machines: How Computers Have Become Creative Writers Mike Sharples, Rafael Pérez y Pérez, 2022-07-05 This fascinating book explores machines as authors of fiction past present and future For centuries writers have dreamed of mechanical storytellers We can now build these devices What will be the impact on society of AI programs that generate original stories to entertain and persuade What can we learn about human creativity from probing how they work In Story Machines two pioneers of creative artificial intelligence explore the design and impact of AI story generators The book covers three themes language generators that compose coherent text storyworlds with believable characters and AI models of human storytellers Providing examples of story machines through the ages it covers the history recent developments and future implications of automated story generation Anyone with an interest in

story writing will gain a new perspective on what it means to be a creative writer what parts of creativity can be mechanized and what is essentially human Story Machines is for those who have ever wondered what makes a good story why stories are important to us and what the future holds for storytelling Creating Digital Literacy Spaces for Multilingual Writers Joel Bloch,2021-01-27 This book argues for the value of digital literacy in the multilingual writing classroom Against the background of huge changes in literacy practices prompted by online communication and a growing acceptance of a broader definition of academic literacy that encompasses multimodality the book examines the relationship between digital and print literacies and addresses the design of literacy spaces for multilingual classrooms The author critically evaluates the latest developments in the use of technology in multilingual writing spaces and focuses on the role of teachers in their design it also addresses areas that are not often discussed in relation to multilingual students from blogging to publishing and intellectual property The book will help teachers meet the challenges created by rapidly shifting technology as well as making an innovative contribution to research on multilingual writing classrooms *Blueprint* ,2009 **Ai Weiwei** Urs Stahel,Daniela Janser,2011 Ai Weiwei is a conceptual artist highly critical of society and dedicated to the creation of and friction between realities Interlacing presents the complexity of Weiwei s oeuvre through blogs critical essays and hundreds of photographs **Student Lawyer** ,2004 **Encyclopedia of Medical Devices and Instrumentation** John G. Webster,2006-04-07 The articles in The Encyclopedia of Medical Devices and Instrumentation focus on what is currently useful or is likely to be useful in future medicine They answer the question What are the branches of medicine and how does technology assist each of them Articles focus on the practice of medicine that is assisted by devices rather than including for example the use of drugs to treat disease The title is the only resource on the market dealing with the subject in encyclopedic detail Accessible to practitioners with a broad range of backgrounds from students to researchers and physicians Articles cover the latest developments such as nanotechnology fiber optics and signal processing **The Writers Directory** ,2013 **Ai Weiwei** Weiwei Ai,2010 This exhibition is the eleventh commission in the Unilever Series an annual art commission *Ai Weiwei, Spatial Matters* Weiwei Ai,Anthony Pins,2014 This book draws on the full breadth of Ai Weiwei s architectural installation and activist work including drawings and plans from huge range of international projects with particular emphasis on his use of space Throughout the book a wide selection of essays by leading critics and art historians as well as interviews with the artist draw out his central concerns Jacket *Modernisation of Chinese Culture* Jana S. Rošker,Nataša Vampelj Suhadolnik,2013 The editors are grateful to the Chiang Ching kuo Foundation for its generous support of their research work which enabled them to publish the present book The present book carefully maps the Chinese modernisation discourse highlighting its relationship to other similar discourses and situating it within historical and theoretical contexts In contrast to the majority of recent discussions of a oeChinese development model that tend to focus more on institutional than cultural factors and are more narrowly concerned with economic matters than overall social development the book offers

several important focal points for many presently overlooked issues and dilemmas The multifaceted perspectives contained in this anthology are not limited to economic social and ecological issues but also include political and social functions of ideologies and cultural conditioned values representing the axial epistemological grounds of modern Chinese society 2011 was the 100th anniversary of the Xinhai Revolution The centennial is relevant not only in terms of state ideology but also plays a significant role within academic research into Chinese society and culture This historic turning point likewise represents the symbolic and concrete linkages and tensions between tradition and modernity progress and conservatism traditional values and the demands for adjustment to contemporary societies The book shows that Chinese transition from tradition to modernity cannot be understood in a framework of a unified general model of society but rather through a more complex insight into the interrelations among elements of physical environment social structure philosophy history and culture
