Computers, Children, and Classrooms Hilda W. Carmichael,Ontario. Ministry of Education,1985 This study examined the creative uses of computers in elementary schools and their impact on student s confidence and self esteem student student interaction student teacher interaction male and female students classroom management the role of the teacher special education teacher training teachers not involved in the study and curricular areas such as computer literacy learning Logo as a programming language problem solving and problem creation mathematics oral communication reading and writing the arts and values and the individual and society Findings are based on intensive examinations of real classrooms over a 2 year period A total of 433 students in 18 classrooms that involved 13 different teachers were studied of these 5 teachers and 40 students were involved in the study for 2 years Classrooms had 1 to 5 computers over the entire school year or students had access to a computer laboratory Logo and word processing were studied extensively the use of a graphics tablet and Musicland were explored for short periods Findings indicate that the creative use of computers fosters the development of independent and original thinking and that an environment that encourages exploration leads to extensive social interaction among students in addition students become more willing to express refine or revise their ideas A significantly greater proportion of students experienced an increase in their confidence and self esteem if their teacher was able to give them autonomy over their learning The impact on students attention span and cognitive development in the special education classes was also significant Appendices and selected references are provided Author JB

Gender, Ethics and Information Technology A. Adam,2005-03-14 This book brings feminist philosophy in the shape of feminist ethics politics and legal theory to an analysis of computer ethics problems including hacking privacy surveillance cyberstalking and Internet dating Adam claims that these issues cannot be properly understood

unless we see them as problems relating to gender For the first time these issues are put under the feminist spotlight to show that traditional responses reproduce the public private split which has so often reinforced the causes of women s oppression
