McCarthy,2014-02-21 The novel is set in a world of magic and wonder of which our world is but a pale shadow The story follows Raimi McCarthy who is transported to a strange but yet familiar world he has to come to terms with this transition and the new life that has been forced upon him His beliefs and his own will are challenged in this mysterious environment The reasons behind these events are beyond him but he encounters those that claim to know the truth Is The Mist a dark and age old power responsible for this Is this Raimi s destiny or a cosmic mistake Stronger and fitter than he had ever felt and with a new found wonder and curiosity in the land of Chareon This world called Aais where man is not the only race to tread its paths strange races inhabit the forests and work the air The very earth itself being home to things long since forgotten a world where gods walk amongst men and vast armies clash Where any feat can be achieved by the use of magic in one of its many forms A place guided and protected by the powerful druid like Culls This world would enhance Raimi s sensitivity to the Arts but is there a cost Is Raimi the prophesied weapon that would defeat once and for all the evil that overshadowed this beautiful world He had always felt that there was something or someone watching over him spying his every move and gently guiding him to this fate Cull Tameal s plan was about to be implemented but not even the mighty Circle knew its true goal Is Raimi just a puppet a conduit for a hidden power or was he the very being to harness all that is great Lord Sevetar s influence casts a shadow over Raimi s future The Book of Three, 50th Anniversary Edition Lloyd Alexander,2014-09-23
