## Churches In Trouble:

*The Crisis in the Churches* Robert Wuthnow, 1997-03-06 At a time when already overworked clergy are being called upon by budget cutting politicians to do more for the poor the sick and the elderly American churches are suffering persistent financial shortfalls In fact contrary to popular media images of millionaire televangelists America's churches are cutting back programs and staff clergy salaries are stagnating and many parishes are having trouble raising enough money to keep the church lit and heated on Sunday Why are America's churches in financial distress Robert Wuthnow a leading commentator on religious life in America asserts that the steady drop in donations volunteering and personal involvement is a direct result of a spiritual crisis a crisis caused in large part by the clergy's failure to address the vital relationships between faith and money work stewardship giving and economic justice In *The Crisis in the Churches* Wuthnow offers a searching study of this financial crisis and of the spiritual vacuum that has silently grown worse during the past decade To do this he lets the churches speak for themselves quoting extensively from interviews with clergy and laity in sixty Protestant and Catholic congregations throughout the U S and drawing from the texts of over 200 sermons from church financial records and a national survey What emerges is that parishioners often feel the church does not care about what they do from Monday to Friday offers no guidance in their most pressing day to day concerns yet always seems to be asking for more money Clergy for their part say they hesitate to talk about finances because they know the money question makes people uncomfortable But failure to raise the subject often makes it necessary to cut the very programs and services that middle class parishioners desire and would support Wuthnow argues that in order to survive churches must find ways to minister to the economic concerns of their own middle class parishioners Indeed of every 1 000 received by churches 900 comes from people who work in middle class occupations Clearly anything that motivates middle class members to become more involved will strengthen a church's financial well being and capacity to serve its people Although the situation is critical Wuthnow finds much cause for hope He points to ideas and programs that some churches have enacted to challenge their members to think differently about work and money and giving Parishioners sometimes respond positively when clergy speak boldly and concretely about matters of faith and finance and some churches have formed small groups whose members meet regularly to discuss issues of spirituality work personal finances and stewardship A serious and sympathetic examination of the crisis behind the stained glass this thought provoking volume will be highly valuable both practically and as moral support to clergy parishioners and anyone else concerned about restoring vitality and significance to American churches *Suburban Churches in Trouble* Ezra Earl Jones, United Methodist Church (U.S.). Department of Research and Survey, 1972\* News of a New World, from the Word and Works of God compared together ... Being some account of eight sermons. By J. S. J. S., 1676 'The Church and science': the fundamental problem between them, a lecture in reply to dr. Momerie Thomas Child, 1892 Trouble I've Seen Drew G.I. Hart, 2016-01-19 What if racial reconciliation doesn't look like what you expected

The high profile killings of young black men and women by white police officers and the protests and violence that ensued have convinced many white Christians to reexamine their intuitions when it comes to race and justice. In this provocative book, theologian and blogger Drew G. I. Hart places police brutality, mass incarceration, anti-black stereotypes, poverty, and everyday acts of racism within the larger framework of white supremacy. He argues that white Christians have repeatedly gotten it wrong about race because dominant culture and white privilege have so thoroughly shaped their assumptions. He also challenges black Christians about neglecting the most vulnerable in their own communities. Leading readers toward Jesus, Hart offers concrete practices for churches that seek solidarity with the oppressed and are committed to racial justice. What if all Christians listened to the stories of those on the racialized margins? How might the church be changed by the trouble they've seen? This book is a gift from the heart of one of the sharpest young theologians in the United States. Hold it carefully and allow it to transform you and our blood-stained streets.

Shane Claiborne, author of *The Irresistible Revolution*  
Free downloadable study guide available here      *Churches in Trouble?* Paul E. Brown, 1998-12-01 Very good A well-written, concise, and user-friendly book      **The Methodist Review**, 1929      **New-Church Messenger**, 1913      **The Morning Star and Free Baptist**, 1906      **Signs of a Church in Trouble** David Aboderin, 2018-02-21 Things always look right from the outside of the church while within the exact opposite is the case. Things are not really the way they should be. The next logical question is why is it this way? What is wrong and where are we missing the mark? Can we perhaps do things differently and probably get different, more satisfying, fulfilling results? Many pastors are struggling to move the work of God forward but instead of seeing progress, things are rather diminishing and possibly the pastor and leadership do not know what next to do. Why does growth elude our sincere efforts? Is it the devil? Is it human factors? Many things can be responsible for frustration and stagnation in ministry. Now if or when things that affect progress are not noticed on time and effectively checkmated, one may find oneself working very hard yet getting nowhere. You will have a lot of motion but very little advancement. Regrettably, this poor state has been the case with many churches today yet God's will for His Church is daily increase. The Bible says: Praising God and having favour with all the people, and the Lord added to the church daily such as should be saved. Acts 2:47. The early Church experienced great increase on a daily basis, and believers were the more added to the Lord, multitudes both of men and women. Acts 5:14. If the early Church had these experiences, what seems to be the problem with the present-day Church? What was the early Church doing right that we are not doing today? There are various helpful tips that we will look into in this book, which I believe might be an eye opener to you, my beloved reader. As a church pastor, you possibly might have noticed some of these signs, but you have done nothing about them. I believe this book will motivate you into action. The work of God must prosper in your hands, and the Church shall move forward in the name of Jesus.
