Cipher Of Genesis:

   The Cipher Of Genesis Carlo Suares,2005-08-20 The Cipher of Genesis unlocks the key to the lost traditions of the Book of Genesis offering profound implications for faiths rooted in the Hebrew Testament Christianity Judaism and Islam Jesus knew this secret wisdom and attempted to teach it but that message remained with only a few For the most part the first book of the Bible has been dismissed as simplistic and archaic a literal retelling of the creation of the world in seven days the story of Adam and Eve and generational listings Suares s essential argument is that the words in Genesis cannot simply be translated one must understand the code or the true meaning behind the words remains hidden Each letter of the Hebrew alphabet represents a specific number which signifies the living archetypal forces moving within the universe Reading Genesis with knowledge of the code can project these forces into our very being and bring about the experience of Revelation Among Suares s key points are the evident ramifications of the hidden teachings on parts of the New Testament It is from this perspective that he interprets the Gospels of Matthew and John in a new and thought provoking way Suares unlocks the secrets of the Bible to reveal the ultimate aim of higher consciousness through the coded process of Revelation   **The Cipher of Genesis** Carlo Suarès,1970 Suares s essential argument is that the words in Genesis cannot simply be translated one must understand the code or the true meaning behind the words remains hidden   *The Cipher of Genesis* Carlo Suarès,1970 Suares s essential argument is that the words in Genesis cannot simply be translated one must understand the code or the true meaning behind the words remains hidden   **The Cipher of Genesis** Carlo Suares,1974-05-01   The Cipher of Genesis Carlo Suares,1978-09-12   **Behold!** Bethsheba Ashe,2023-11-28 Unlock the esoteric origins of Kabbalah to discover hidden symbolic messages in the Bible and key occult texts The art of Gematria goes far deeper than the way in which people have come to understand it today Originating in Biblical texts Gematria is less about the cherry picking and comparison of numbers but a far more beautiful and ancient art that is crucial for biblical interpretation and occult symbolism In this revised and expanded version of the classic book Bethsheba Ashe tackles questions which have been asked for as a long as the Bible has existed why Adam and Eve had to leave the Garden of Eden how Moses parted the Red Sea whether Elijah riding the fiery chariot to heaven as real which can all be answered all through the art of gematria in the most advanced and thorough study of the subject ever published to date The ciphers in the book are utilized by the Shematria Gematria Calculator created by the author herself to assist readers as she guides you through the ancient Hebrew system Behold can be read as both a student handbook a history and an invaluable reference text within its pages you will find everything needed to detect and read hidden gematria calculations The new and expanded edition has been revised and reorganised and includes new material on the true meaning of the recently discovered Mount Ebal Curse tablet   5/5/2000 Richard W.
