Misinformation and Society Yotam Ophir, 2025-05-20 A comprehensive guide to understanding and addressing political and scientific misinformation In our increasingly interconnected world misinformation spreads faster than ever influencing public opinion political outcomes and personal beliefs In Misinformation and Society Yotam Ophir takes an interdisciplinary approach to unravel the complexities of misinformation in its various forms Offering invaluable insights into the history psychology and social impact of misinformation this timely book provides you with the tools to critically

analyze misinformation's origins, effects, and solutions. From understanding the cognitive processes that make individuals vulnerable to false information to exploring the societal impact of viral misinformation, *Misinformation and Society* delivers deep insights into one of the most pressing issues of our time. Drawing on research from fields such as communication, political science, and psychology, Ophir presents in-depth case studies of high-profile events such as Brexit and COVID-19, clearly demonstrating how misinformation has shaped public discourse. Through clear and engaging writing, the author presents evidence-based strategies to address misinformation in a variety of specific real-world contexts such as conspiracy theories, public health disinformation, fabricated political news, and more. Requiring no previous background in the subject, *Misinformation and Society* is essential reading for undergraduate and graduate students in Media Studies, Political Science, Communication, and Public Health, as well as journalists, educators, policymakers, and general readers interested in media literacy, information integrity, and the challenges posed by misinformation in the Digital Age.

You to the Power of Two Joseph Bradley, Don Tapscott, 2025-12-02 A new and previously unexplained era of artificial intelligence will transform human life forever. Discover what this means for our personal identity and our future. AI tools are already reshaping the way we work and communicate, but as they gain autonomy, they will no longer be mere tools; they will become active participants in our world. As our digital identities become smarter and more capable, we enter the age of identic AI, a world where ever-present AI companions streamline daily tasks, enhance wellbeing, and offer lifelong learning. For professionals, these intelligent agents will amplify creativity, boost productivity, and expand human potential. But with this extraordinary promise comes profound risks to individuals, businesses, and society itself. From technology experts Joseph M. Bradley and Don Tapscott, *You to the Power of Two* is a thought-provoking and timely guide that will prepare readers to thrive in a world of personal AI agents by revealing how our new digital sidekicks will transform our careers, healthcare, education, and relationships. Empowering readers to embrace AI with confidence and purpose rather than fear, exploring AI's role in redefining human potential, success, and the institutions of society, explaining self-sovereign identity and decentralized AI models that will safeguard autonomy, control, and future. For individuals, businesses, and policymakers alike, identic AI will reshape how we work, learn, and connect. Will we harness its power for a more equitable future, or will we let it shape us in ways we can't control? The future isn't written. It's ours to create.

Tropical Fish Hobbyist, 2006 **The Hanson Guide to the Internet & Internet Databases**, 2000 *Digital Content Marketing in the Global Environment. Evaluation of Global Companies in the Chemical Industry* Matthias Hebben, 2021-04-27 Master's Thesis from the year 2019 in the subject Business Economics, Business Management, Corporate Governance, grade 2.0 University of Applied Sciences Northwestern Switzerland, language English, abstract. This Master thesis explores the phenomenon of Digital Content Marketing (DCM) by evaluating if content marketing and its tools have a positive impact on global companies in the chemical industry. Rapid globalization and the development of new markets at an increasingly global scale have made DCM more important. However, global companies are

facing new challenges like new technological developments and trends and a changing consumer landscape that requires new marketing approaches Strategies are required to overcome these challenges adopt DCM techniques and use current techniques to gain competitive advantages However there are still companies that have not included digital content in their marketing strategy Others have difficulties making their marketing content unique and powerful The main issue is often measuring the effectiveness of one s digital content to determine whether DCM has a positive impact
