## **Catalan Language Progress Towards Normalisation:**

**The Catalan Language** Jude Webber, Miquel Strubell i Trueta, 1991-01-01 *Language, Democracy, and Devolution in Catalonia* Sue Wright, 1999 The issue of human rights becomes very complex when applied to language Individual rights have little meaning in this domain People do not ask for the right to speak to themselves they ask for the right to use their language within their group Where populations are heterogeneous such rights are difficult to ensure Language can be a powerful means of inclusion and exclusion and this is particularly true in democratic societies where debate is central to the process This book looks at these fundamental questions in the context of Catalonia

**Bi- and multilingual universities: European perspectives and beyond** Daniela Veronesi, Christoph Nickenig, 2009 This collection of the proceedings of the 3rd conference on bi and multilingual universities held at the Free University of Bozen Bolzano from 20 to 22 September 2007 tries to give a state of the art insight into theoretical and practical approaches towards implementing bi and multilingual models and policies in higher education institutions in various parts of the world

*The Poetry of Salvador Espriu* D. Gareth Walters, 2006 Two standpoints govern the approach taken to the poetry of Salvador Espriu in this extended study of his work First the author explores the structural implications of symmetry and numerology in a chronological rather than thematic survey of the poetry a procedure that involves a consideration of how each book attains its distinctive character while having common preoccupations and stylistic traits Secondly he examines the tension implicit in Espriu's poetry between involvement and detachment or between the civic and the lyric

*After the Classics* Vicent Andrés Estellés, 2013-06-12 This selection of the verse of Valencian poet Vicent Andres Estelles 1924 1993 is accompanied by a translation into English from the original Catalan The format of an innovative dialogue with classical authors a cornerstone of Estellesian expression constitutes an ingenious invocation and parodic commentary on the output and ethos of the Latin poets Horace Ovid Virgil and Catullus the medieval patriarch of Valencian letters Ausi's March and the Renaissance Castilian poet Garcilaso de la Vega For Estell's Octavian Rome provides a parallel to the Franco dictatorship and the historical framework surrounding these writers affords the neophyte an opportunity for ideological denunciation creative wit and lyrical grace as well as righteous anger at the oppressive pettiness of life under autocracy The translators have attempted to bring to an Anglophone readership the wealth of achievement of this writer who despite the severity of fascist repression sang and celebrated the experience of his own community through its own oppressed language
