Beginner Friendly Remote Work Productivity For Teachers:

Digitalization in Education: Developing Tools for Effective Learning and Personalisation of Education Manpreet Kaur Bagga, Laura Sara Agrati, 2024-08-20 Technology driven trends in the modern society have transformed the ways humans think and communicate. The latest technological artefacts and devices have a profound impact on the forms of interaction between individuals and also significantly influence the process of co-construction of knowledge. The COVID pandemic induced experience of remote teaching has significantly contributed to the widespread use of digital technologies in teaching learning processes, faculty communications, research collaborations, conferences and workshops. The crisis also led to an understanding of the uncertainty of returning to conventional normal and paved way for a new normal ushered by the COVID pandemic. Such transformations create a need for Institutions to prioritize identification of perspective models of digitalization in education. Salmon 2013 Teachers, teacher educators and policymakers need to collaborate for co-constructing the technology assisted classroom that will gradually evolve from teaching supplements to pivotal support for creating a personal learning environment. Dabbagh et al 2021. This article collection aims at examining teachers' experience in implementation of computer technologies and exploring gaps and challenges in the current academic educational practice with regard to use of digital tools. Various elements of digital environment including online courses, e-resources, virtual and augmented reality, artificial intelligence and robotics have become an integral component of learning and fostering students' skills, practical teaching experience and effective professional training. It is imperative that aspects of e-education are discussed at the global level in order to stimulate creation of personal learning environments, meet inclusive learning needs, support life-long education and identify relevant digital technologies for upgradation of pedagogical methods and teacher strategies in education.

Remote Learning Made Easy During the Pandemic Rupinder Ganaka, 2025-01-03 The illustrations in this book are created by Team Educohack. *Remote Learning Made Easy During the Pandemic* is an authoritative guide designed to support students and faculty navigating the challenges of remote education during the COVID 19 pandemic. This book offers a comprehensive overview of key topics, ensuring a clear understanding of both direct and indirect outcomes of learning in this unique context. **Salient Features:** Well-crafted text tailored to meet the needs of students and faculty. Organized into 17 chapters for easy cross-referencing and understanding. Includes various illustrations to explain the nuances of remote learning, helping students grasp the concepts easily. Provides practical examples and physical contexts for adapting to remote learning. Discusses the challenges of remote learning and offers solutions to overcome them. Presents information in a point-by-point manner to enhance comprehension. Includes chapter summaries and thought-provoking inquiries to help students prepare confidently for examinations. Offers practical insights to understand and implement remote learning effectively. *Remote Learning Made Easy During the Pandemic* is a valuable resource for anyone seeking to enhance their remote learning experience and overcome the challenges posed by the pandemic.
