We've gotten so used to sloppy generational analysis filled with dumb clichés about young people that we've lost sight of what really unites Millennials. Namely, We are the most educated and hardworking generation in American history. We poured historic and insane amounts of time and money into preparing ourselves for the 21st century labor market. We have been taught to consider working for free homework internships a privilege for our own benefit. We are poorer, more medicated, and more precariously employed than our parents, grandparents, even our great grandparents with less of a social safety net to boot. *Kids These Days* is about why. In brilliant crackling prose, early Wall Street occupier Malcolm Harris gets mercilessly real about our maligned birth cohort. Examining trends like runaway student debt, the rise of the intern, mass incarceration, social media, and more, Harris gives us a portrait of what it means to be young in America today that will wake you up and piss you off. Millennials were the first generation raised explicitly as investments, Harris argues, and in *Kids These Days* he dares us to confront and take charge of the consequences now that we are grown up. *Black Enterprise*, 2000-06. BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals, entrepreneurs, and corporate executives. Every month BLACK ENTERPRISE delivers timely, useful information on careers, small business, and personal finance. *Atlanta Magazine*, 2007-01.
