Day Job A Workplace Reader For The Restless Age:

Day Job Jon Baird, 2000-10-06 It's 9:34 a.m. Do you know where your career is headed? Do you have one? More likely you'd never call what you do from 9 to 5 a career. You'd call it your day job. And what if you were given a single day to record it all, to ask the important questions about life and career to air out your strongest and most private opinions and thoughts, what would you say? That's the question that has been put to customer service rep Mark Thornton. And his answer is *Day Job*, a darkly comic high-velocity run through the modern workplace. **Slackonomics** Lisa Chamberlain, 2008-07-08 Why Gen Xers waiting for Boomers to retire have made the choices they have and how their creativity can save us from economic ruin.

Subject Guide to Books in Print, 1991 **Teaching, Bearing the Torch** Pamela J. Farris, Patricia L. Rieman, 2013-12-12 Teachers are torchbearers, leaders who impart knowledge, truth, or inspiration to others. Pamela Farris joined by Patricia Rieman in the latest edition of this exceptional foundations text clearly demonstrates how teachers bear the torch. The authors' well-researched approach provides both positive and negative aspects of education trends. Their generous use of examples shows how teaching and schooling fit into the broader context of U.S. society and how they match up with other societies throughout the world. Farris and Rieman's lively writing style instills teacher education candidates with a lucid understanding of such topics as philosophy and history of education, national trends, requirements of becoming a teacher, teachers' salaries, how schools are governed and funded, demographic changes and expectations for the future, differences in rural and urban schools, and use of technology. Detailed lists of a variety of websites provide additional resources. Anecdotes of professionals in the field, authentic voice narratives with frank insights into real-world teaching experiences punctuate the text. Boxed scenarios concentrate on important issues and energize readers' interest and stimulate proactive thinking. Other outstanding features are the book's affordability and versatility. Instructors can easily assign all or a portion of the chapters to fit course needs. **Working Mother**, 2000-10 The magazine that helps career moms balance their personal and professional lives. **Teaching** Pamela J.
