Days in the Life Thane International, Incorporated, 2001-06-01 *Days in the Life* Richard Buskin, 1998 Undiscovered unpublished shots of The Beatles are revealed in this treasure trove of never before seen original photos of the Fab Four 108 photos **The Beatles Encyclopedia** Bill Harry, 2000 This encyclopedia provides a comprehensive guide to the band containing details of the Beatles history records released songs written and gigs played **The Beatles and the Historians** Erin Torkelson Weber, 2016-04-28 Hundreds of books have been written about The Beatles Over the last half century their story has been mythologized and de mythologized and presented by biographers and journalists as history Yet many of these works do not strictly qualify as history and the story of how the Beatles mythology continues to be told has been largely ignored This book examines the band s historiography exploring the four major narratives that have developed over time The semi whitewashed Fab Four account the acrimonious breakup era Lennon Remembers version the biased Shout narrative in the wake of John Lennon s murder and the current Mark Lewisohn orthodoxy Drawing on the most influential primary and secondary sources Beatles history is analyzed using historical methods **The Publishers Weekly**, 2009 **Being John Lennon** Ray Connolly, 2018-11-27 What was it like to be John Lennon What was it like to be the castoff child the clown at school and the middle class suburban boy who pretended to be a working class hero How did it feel to have one of the most recognizable singing voices in the world but to dislike it so much he always wanted to disguise it Being John Lennon is not about the whitewashed Prince of Peace of Imagine legend because that was only a small part of him The John Lennon depicted in these pages is a much more kaleidoscopic figure sometimes almost a collision of different characters He was of course funny often very funny But above everything he had attitude his impudent style somehow personifying the aspirations of his generation to question authority He could and would say the unsayable Though there were more glamorous rock stars in rock history even within the Beatles it was John Lennon s attitude which caught and then defined his era in the most memorable way **Words on Cassette, 2002** R R Bowker Publishing, 2002 **TeenSet, Teen Fan Magazines, and Rock Journalism** Allison Bumsted, 2024-10-15 Since the magazine s first issue in 1964 TeenSet s role in popular music journalism has been overlooked and underappreciated Teen fan magazines often written by women and assumed to be read only by young girls have been misconstrued by scholars and journalists to lack seriousness in their coverage of popular music TeenSet Teen Fan Magazines and Rock Journalism Don t Let the Name Fool You disputes the prevailing conception that teen fan magazines are insignificant and elevates the publications to their proper place in popular music history Analyzing TeenSet across its five year publication span Allison Bumsted shows that the magazine is an important artifact of 1960s American popular culture Through its critical commentary and iconic rock photography TeenSet engaged not only with musical genres and scenes but also broader social issues such as politics race and gender These countercultural discourses have been widely overlooked due to a generalization of teen fan magazines which have wrongly presumed the magazine to be

antithetical to rock music and as unimportant to broader American culture at the time Bumsted also examines the leadership of editor Judith Sims and female TeenSet staff writers such as Carol Gold By offering a counternarrative to leading male oriented narratives in music journalism she challenges current discourses that have marginalized women in popular music history Ultimately the book illustrates that TeenSet and teen fan magazines were meaningful not only to readers but also to the broader development of the popular music press and 1960s cultural commentary
